

***EAGLE ONE***

The logo consists of a stylized eagle head in profile, facing right, with its wings spread out horizontally. The entire logo is rendered in a metallic, silver-white color with a slight gradient and a shadow effect, giving it a three-dimensional appearance.

**ENGRAVED LAMINATED PLASTIC FAIRWAY SIGNS WITH METAL SPIKES**

These signs are made from solid two tone sign board. They are a one piece construction that will not rust or need painting, and will withstand the chemicals used in the golf course environment. All signs are single sided except for the directional "carts", "next tee" and "walk" signs. 10"x 6" or 15" x 9" with 4 1/2" spikes.

Our quality signs are made from 3/4" thick material that beats all other competition for a sturdier sign and a finer look.

Color filled custom signs can be made to your specifications. Please call for pricing and further details.

**ENGRAVED GREENWOOD™ FAIRWAY SIGNS**

You have many choices of engraved GreenWood™ signs. Popular selections are made from 2" x 10" GreenWood™ and 18" long, another is 2" x 6" x 10". All these signs have two metal spikes for support. Apart from being very rugged and good looking, they also convey a "Don't run over me" image that some smaller signs lack. Standard are single sided, but can be made double sided.

**ENGRAVED GREENWOOD™ SIGNS**

These attractive signs are made to your specifications and needs. We have many GreenWood™ selections and color choices to choose from. The engraved groove is backfilled with special resins of your color choice to create the copy. Please speak to our sales team for more information and guidance.

**S930** 3/4" Boards Call For Quote

**LAMINATED PLASTIC  
A-FRAME SIGN**

These dual color A-frame signs are made of a durable, stain resistant, laminated sign board. Messages can be engraved to highlight core color or color filled for your preferred font appearance. Other features include a handsome engraved outline running along the outer edges of this sign allowing it to "pop" and a convenient handle near the top. 23" Wide x 36" High. Please see next page for color choices.

**S975** Call For Quote

**ENGRAVED LAMINATED PLASTIC SIGNS**

If you are looking for low maintenance signs this is the answer. Using laminated layers of different colored plastic, the copy or logo is engraved through the upper surface to expose the next color. These signs can be made in large sizes and will withstand beatings by golf clubs, balls and many of the typical vandal problems regularly encountered.

Standard sign size:

- 12"x12"
- 12"x18"
- 18"x18"
- 18"x24"
- 24"x24"
- 24"x36"
- 36"x36"
- 36"x48"

**S960**

**FusionCast™**  
ENGINEERED METAL CASTING TECHNOLOGY

Eagle One is the exclusive distributor  
of Fusion Cast to the U.S.  
Complete customization available.

### A revolutionary new metal casting technology

We use a cold casting process that results in highly customizable, durable and lightweight signage products. The process is eco-friendly and best of all, more economical than other cast metal methods. Our signs, plaques and related signage products provide an endless array of possibilities for any application (indoors and out).

### BRONZE / CAST ALUMINUM TEE SIGNS

If you are looking for a sign that exemplifies the rich traditions of golf, then Eagle One has something for you. Each sign is designed and cast to your exact specifications with the highest quality craftsmanship. A wide variety of styles and background colors are available as well as many mounting options. With very little maintenance bronze signage can actually look better with age and last a lifetime.

Use bronze and cast aluminum for course condition signs, directional signs, tee markers (see Tee Area section), plaques, fairway markers (see Fairway section), and other specialty markers.

12" clock on a 17"x 23" A-frame. A variety of colors available for frame.

**P010** Single  
**P0102** Double

**REPLACEMENT CLOCKS**

**P006CLOCK**  
Replacement 12" Clock

**P009CLOCK**  
Replacement Stainless Steel 18" Clock

If you move your tee line on a regular basis this sign is a necessity. By using an erasable pen on a vinyl sheeted aluminum face and GreenWood™ frame you can write "TODAY'S" yardage quickly and easily. This accurate distance information will be greatly appreciated by your patrons. Sign is single-sided. Pen Not Included.

**S935**  
No Logo

**ERASABLE "A" FRAME YARDAGE SIGN**

**CLOCKS ON POST**

Comes on a 4"x4" post with a recycled plastic base that can be secured with spikes. Available with a 12" clock and 18" Deluxe Clock.

- P006P** 12" Clock
- P009P** 18" Deluxe Clock

**A-FRAMES**

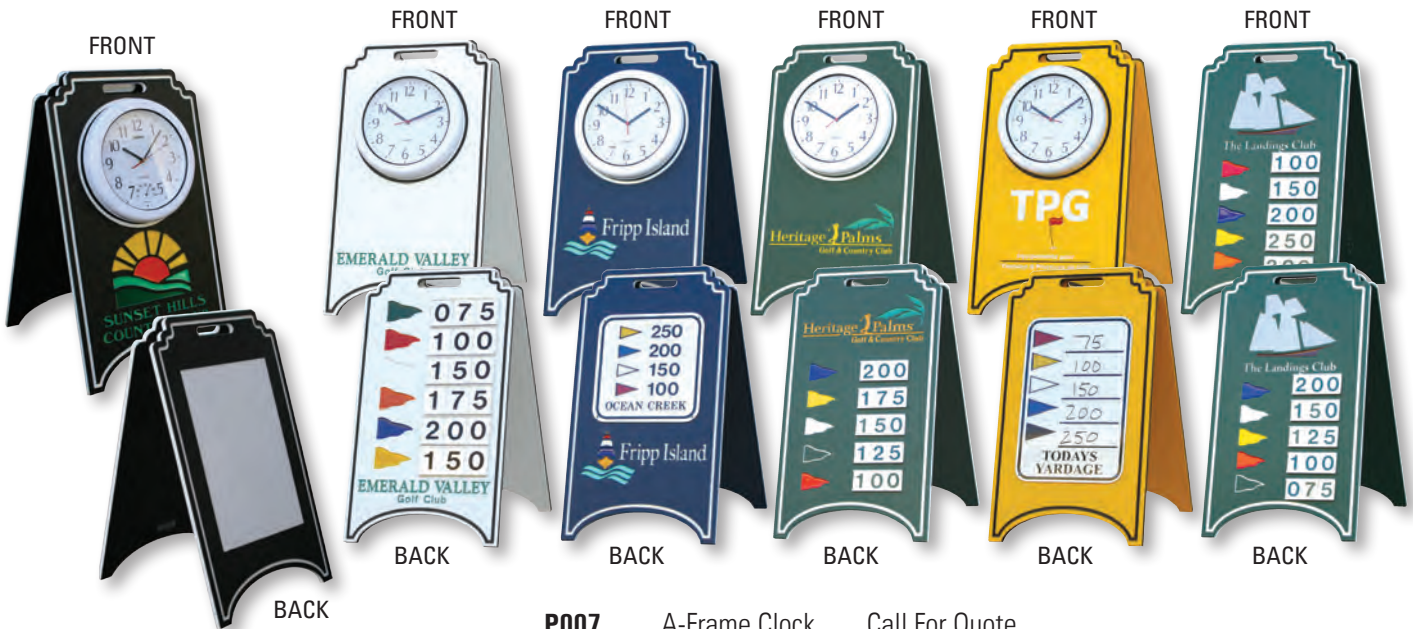

Help keep your players on time. These two choices of clock units are made from low maintenance GreenWood™ frames with your choice of weather proof 12" or 18" clocks. The "A" frame can be folded up for easy carrying or storage while the post type has four spikes for support by pressing into turf.

Fabricated using plastic as the support frame, these 'A' frame clocks has a clean and neat appearance. Customized to your needs - your course / range logo, driving range distance key or other information can be incorporated the way you want it (at extra cost). Double sided clocks are available, and there are many plastic colors to choose from.

Fig. 1

Fig. 2

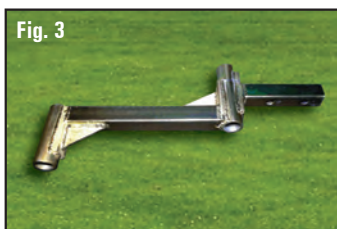

Fig. 3

**NO DOWN TIME! SWITCH FROM WHEELED, TO NO-WHEEL AND BACK AGAIN.**

Western Golf has developed a new golf ball picker which combines the best features of our no-wheel and wheeled units. We have named the new picker the "Switchback" for its ability to switch from wheeled, to no-wheel and back again.

The "Switchback" uses our no-wheel, rear ejection drum sections in both the wheeled and no-wheel configurations. This unique design incorporates a part we call a "receiver," used for either the wheeled or no-wheel picker, that bolts into the main frame. (Figure 3)

When using the wheeled set up, (Figure 1) a receiver consisting of the elbow, fork and wheel assembly is bolted into the main frame. By using no-wheel drum sections, if there is ever a problem with the wheel, tire, bearings or fork, simply remove the nut and bolt in the top collar of the fork, pull out the entire fork assembly and continue running the picker as a no-wheel unit. (Figure 2) Repairs can then be made to the wheel assembly with no down time to the picker. After repairs are made to the wheel assembly, replace the fork in the receiver and switchback to the wheeled unit.

**WGRMSB002**

Switchback Fork, Elbow Receiver

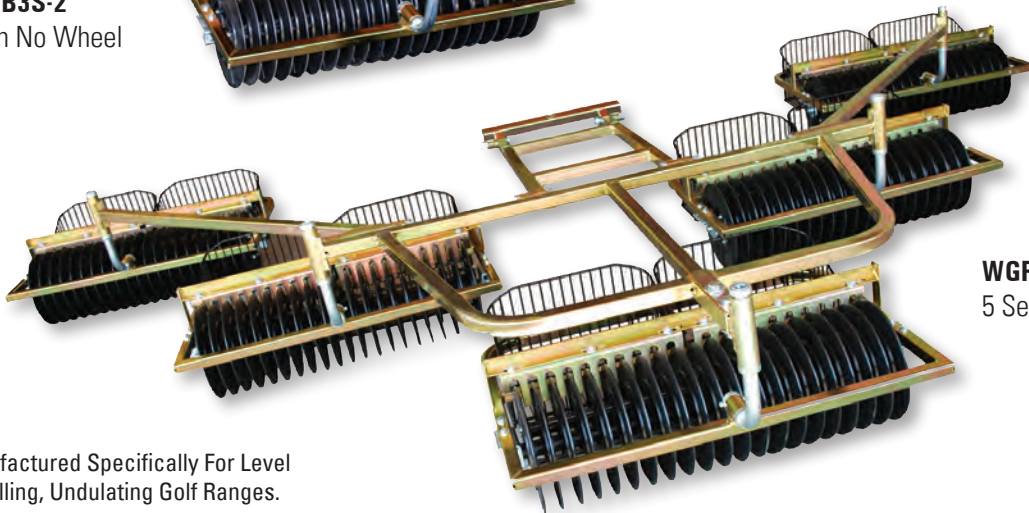

**RANGE MATE NO WHEEL BALL PICKER**

**WGRMSB3S-2**  
3 Section No Wheel

- Easy assembly
- Reinforced elbows
- Heavy duty 1½" Sq. steel tubing
- Superior disc material formulated to prevent breakage
- Adjustable and replaceable steel ball combs
- Adjustable axle brackets
- All parts plated to resist rust and corrosion
- Designed to operate with any golf cart
- Attachment brackets available for most golf carts
- Balls ejected into rear mounted baskets

**WGRMSB5S-2**  
5 Section No Wheel

Manufactured Specifically For Level  
To Rolling, Undulating Golf Ranges.

**VIRTUALLY NO MAINTENANCE!**

If a customer orders a no wheel picker, we will ship the "no wheel receiver" installed in the main frame.

Western Golf has also changed to a thicker wall on all tube connections on the main frame, mount bar, and extension arms. Gussets have been added for even more strength at all critical connection points.

**1700 SERIES BALL DISPENSER**

- **ACCOUNTABILITY.** Our ball dispensers provide features and benefits far beyond other models. Account management, sales tracking, and cash accountability are just a few of the operational tools to help you evaluate, analyze, and control driving range ball sales.
- **FLEXIBILITY.** Utilizing our one-ball-at-a-time vending, you have the ability to deliver any number of balls in up to three bucket sizes. This means you can effectively boost sales by configuring a bucket pricing structure best suited to your facility.
- **CONVENIENCE.** By offering multiple payment options and locating the ball dispenser near the tee line your customer may conveniently make additional purchases. For the operator, this means increased sales revenue and a reduction in operating costs.
- Customized payment options: PIN, e-key, cash, and credit card.
- 11,000 ball capacity (optional 5,000 ball extension available).
- Three independent vend sizes.
- Vends eleven balls per second.

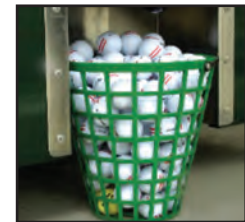

**VENDING**

Payment options are e-Keys, cash, and credit card.

**DISPENSING MECHANISM**

Jam-free vending that is able to dispense one ball at a time!

**ANY BALL COUNT**

Programmable to dispense any three bucket sizes.

## Why e-Range PLUS?

e-Range PLUS provides a wired range system that continues working even if your computer or communication fails. Unlike other wired systems that stop working if the computer fails; e-Range lets your customers continue using your automatic tees and ball dispensers.

- Instantly get or set prices and other ball dispenser information from the office.
- Check the status or condition of the ball dispensers from the office.
- Confirm that the ball dispenser is working correctly from the office.
- Get instant, up-to-date, customer account and sales records.
- Cards are obsolete. e-Keys are almost indestructible, and last 5 years at least.

Instantly convert any single size dispenser to 3 sizes.  
Works in any ball dispenser display!

**WGB7801-17**  
**e-Keys**

e-Range PLUS is the best Range Investment YOU could make!

New e-Range PLUS software!  
Even easier to use:

- e-Range version 8 PLUS software is required for PIN use in more than one ball dispenser.
- e-Range PLUS requires a communication cable from the dispensers to a computer.
- e-Range PLUS V4, V6, and Version 8 systems have a range of 4000 feet.
- e-Range PLUS is not computer dependant. If your computer fails, the system still works!

**PLASTIC HORIZONTAL MARKERS**

**P083**

These could quite possibly be the most durable and attractive yardage markers available. Made from two tone 3/4" solid plastic. The numbers are routed down in the face so they can't be destroyed. Color face choices include red, white, blue, green and yellow. Each sign comes complete with 4" x 4" posts with two metal spikes in each. This allows for easy removal and replacement if needed. There are many stock colors available, however, due to the numerous color and number combinations, this item may have to be made to order. Please specify your color and number requirements when ordering. Boards are 47" wide and 30" high.

**PLASTIC VERTICAL YARDAGE MARKERS**

Made from two tone 3/4" solid plastic. The numbers are routed down in the face so they can't be destroyed. Color face choices include red, white, blue, green, and yellow. Each sign comes complete with heavy gauge galvanized steel posts. There are many stock colors available, however, due to the numerous color and number combinations, this item may have to be made to order. Please specify your color and number requirements when ordering.

**P08260** 12" x 60" with 8' post

**DURABLE VINYL RANGE BANNERS**

Heavy-duty ventilating vinyl banner with contrasting numbers of your choice. PVC pipe frame and Ground Sleeve's sold separately.

**P0702**

Yardage Marker Range Banner 2'X4' - Yellow/Black

**P0712W**

PVC Tube Kit 2'X4'

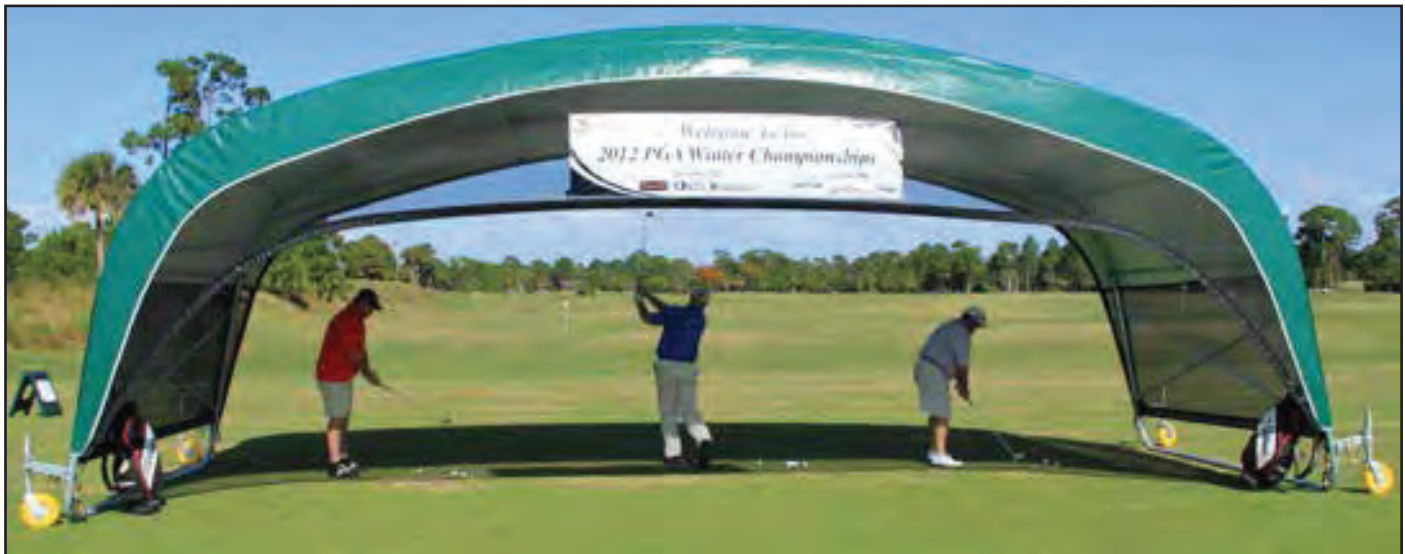

**TARGET NET**

This highly visible net is 5' in diameter and made from a heavy duty, long lasting vinyl mesh material. Frame is durable maintenance free GreenWood™ with an aluminum ring holding the netting in place. Numbers can be customized to your requirements. The net has a "drain" hole to allow golf balls to fall through to a bucket for easy collection. (Bucket not Included.)

**P212**

**DRYRAINGE COVER**

- Provides protection from both inclement weather, as well as prolonged exposure to sun.
- Allows you to optimize your revenue from teaching/instruction regardless of the weather
- Make lessons more comfortable and more productive for both you and your students

- With increased lesson revenue, payback/R.O.I is fast, but protection from prolonged sun exposure is invaluable
- Available both "with" and "without" the optional wheel package (which allows Dryrainge to be moved in/out of position on your range)
- A leasing program for the Dryrainge is also available
- Dimensions: 33' wide, 12' deep, 11'10" high

**P032WK** 3 Man with Wheel Kit

**P032S** 3 Man Stationary

**BALL RAKER**

This light weight tool is a great aid for the golf pro. Made from PVC tube and with a roller action, the Ball Raker will quickly round up balls on your practice greens. Includes a unique rolling mechanism allowing the raker to glide easily across your practice greens.

**P230**

**ROLLER BALL PICKER**

Make collecting balls and cleaning up practice areas quick and easy with the Rolling Ball Picker. Lightweight, compact and easy to use, it replaces heavy, bulky PVC collectors and shag bags that hold fewer golf balls and can easily damage greens.

- Hold up to 80 golf balls.
- 50-inch wooden handle.
- Head features 60 metal spokes that separate with little effort when collecting balls.
- Balls are easily removed by separating the spokes.

**PAR10755**

**ORIGINAL  
BAG SHAG**

Durable canvas bag, easy grip handle, heavy duty zipper, stainless steel spring for no fall out. Holds 70 balls. Available in green and black.

**P184BK**  
Black

**P184G**  
Green

**BALLSHAG™**

Designed to pick up 23 balls, this tool is ideal for those hard to get places where machines can't. Made from durable aluminum it is perfect for along fences or tall grass etc.

**P183**

**OPEN TOP  
SHAG BAG**

Similar to the "original" bag shag this has an open top to allow easier dumping of balls. The easier dumping makes it better suited to teaching professionals who are constantly using it and do not need to store the shag with balls in it.

**P182**

**DUAL TURF MAT**

This fantastic mat has a blend of two different lengths of knitted nylon turf height. This blended combination reduces club head resistance offering a more realistic hitting surface. 59" x 59" with four pre-drilled holes to accept rubber tees.

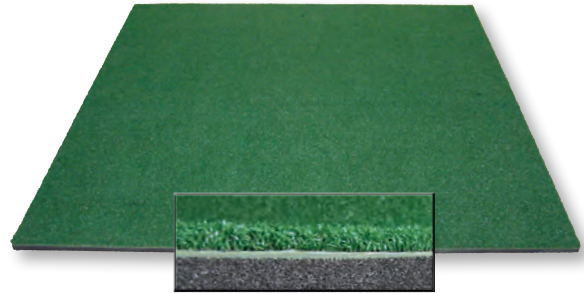

**P040SDT**

**EAGLE ONE ECONOMY MAT**

This Eagle One Economy Mat has been tested to be durable and long lasting. The range mat is 5' x 5' with 4 different tee locations manufactured using a thick nylon top with a foam base for ideal hitting comfort.

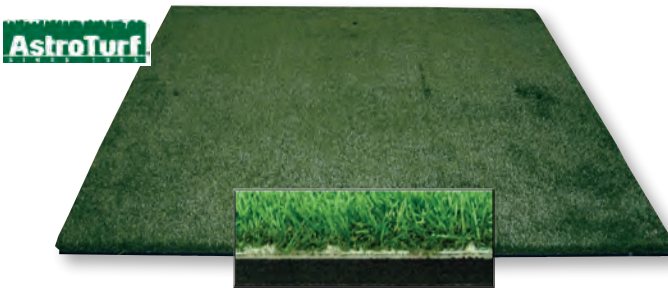

**P040S**

**ULTRA MAT**

The AstroTurf Ultra Mat is made of tough nylon grass blades, with a knitted fabric and cushion pad system designed to absorb club head shock. Ultra Mats remain resilient and resist fatigue stroke after stroke.

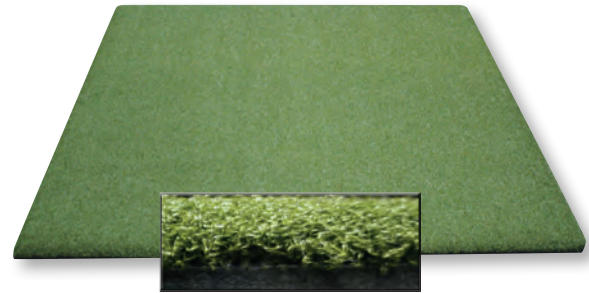

**P049S**

**TRUE-TO-TURF MAT**

Looking for a mat that will accept standard wooden tees? This mat provides the feel of hitting off of a lush fairway, plus it affords the user the ability to use standard wood tees when hitting driver. 59" x 59" with four pre drilled holes.

**P042**

QUANTITY DISCOUNTS AVAILABLE FOR ALL MATS.

**REPLACEMENT RUBBER TEES**

- P06011/2** 1 1/2"
- P06013/4** 1 3/4"

**PRACTICE BALL TRAYS**

This durable ball tray holds practice balls at the mat on driving ranges. It is made from clean looking and long lasting plastic.

**P036** Plastic Ball Tray

**SURE PUTT™ PRACTICE GREEN SYSTEM**

Putting to the smaller cup, 3 in. diameter compared to a regulation cup of 4-1/4 in. diameter, dramatically helps focus the golfer's aim and trains them to make a more accurate putting stroke. The Sure Putt Practice Green System is a complete system that is widely regarded as the finest putting aid for any level of golfer.

**PAR10710** Complete Sure Putt System (includes hole cutter, 3 cups, sign and cup puller)

**PAR10702** Putting cup only

- Offered at a tremendous value, it includes:
- A Hole Cutter designed to cut a 3 in. (8 cm) wide by 3.5 in. (9 cm) deep hole.
  - 3 putting cups, 3 in. (8 cm) x 3.5 in. (9 cm).
  - Cup Puller.
  - A sign to explain how the system works.

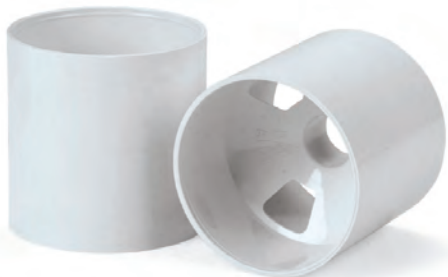

Improved Cup Design

**PRACTICE CUPS**

Durable Bright White plastic cup featuring minimum taper for a snug fit. Meets all USGA regulations. 940 4 in. (10 cm) Practice Cup

**PAR940** Plastic

**PRACTICE CUPS**

Sturdy aluminum construction powder-coated white for good visibility. This new cup has a beveled bottom edge making inserting and removing much easier.

**ST18150** Aluminum Cup (shown)

**ST18100** Plastic Practice Cup

**PRACTICE GREENS CUPS**

Greens cup is 4 1/2" high and made of cast aluminum powder coated white.

**DELUXE BALL WASHER**

Greeting golfers with a Par Aide Ball Washer at the tee has always made a positive statement. To make it a great statement, make sure it has fresh paint each year, and always has clean water, detergent and towels. Attention to detail.

Our most popular model. Drain plug located in front for easy cleaning and flushing. Patented internal overflow sends excess liquid down the inside of the pipe stand.

Capacity: 7 pt. (3.3 l)

- PAR203-01** Par Aide Red
- PAR203-02** Hunter Green
- PAR203-00** Black
- PAR203-99** Other colors, please specify

**MASTER BALL WASHER**

TO GENERATIONS OF GOLFERS, THERE'S NO OTHER BALL WASHER. Asked to draw a picture of a ball washer, a golfer would probably produce an image very similar to the photo on this page. What this proves is, the Par Aide Master Ball Washer is literally the picture of an accepted, expected and appreciated part of the golfing experience. Since 1954, it has earned its place by providing reliably excellent results for golfers and easy care for Superintendents and their crews.

The classic. Original design assures reliability: durable aluminum castings and just one moving part. Easy to maintain and update, eliminates leakage with tamper-resistant drain plug and gasket.

Unlimited color options. Capacity: 5 pt. (2.4 l)

Angled Ball Marker  
**T002A**

Durability and good looks rolled into one. Made from a specially formulated resin these solid tee markers are almost indestructible. They are so tough they bounce on smooth concrete like a ball and do not leave a scratch. Unique bottom stem keeps markers at the same height while minimizing grass burnout spots. Comes mounted on a stainless steel spike. Colors are U.V. stabilized offering years of service and because color is all the way through they will never need painting. Available in 2 sizes: 3" and 4". The 4" can be customized with logo's using laser engraving, which is then smoothed over. Available colors: red, white, blue, yellow, green, black and gray. If customized, this product may take extra time to deliver.

**T002KIT** Refurbish Kit

**DIMPLE TEE MARKERS**

**TOUR PRO RAKE**

- ST11700** 54" Composite Handle - Green
- ST11720** 60" Gator Grip Handle - Green
- ST11730** 60" Gator Grip Handle - Brown
- ST11750** 64" Aluminum Curved Handle - Green

Priced individually. Gator Grip and composite handles sold in multiples of 12. Curved handles sold in multiples of 6.

When mediocrity isn't an option and only perfection will do, turn to Standard Golf's Tour Pro Bunker Rake. No other bunker rake can make smooth, level, playable surfaces like the Tour Pro.

- 20" (51 cm) and 25" (63 cm) heads ensure tracks are covered with minimum effort, while pioneering design generates tournament quality surfaces.
- When durability is a must, the exclusive Gator Grip Handle is your best option, available in both 60" (152 cm) and 72" (183 cm) lengths.
- A single self-tapping screw (included) is all you need for assembly.

- ST11770** 72" Gator Grip Handle - Green
- ST11780** 72" Gator Grip Handle - Brown

Priced individually. 72" Gator Grip handles sold in multiples of 6.

**GATOR GRIP HANDLE**

Toughness matched only by its namesake. Gator Grip Handles put an end to all the problems associated with degrading fiberglass rake handles.

- Specially formulated polymer coating adds durability and strength capable of withstanding even the worst conditions.
- No more splinters, chipping, peeling or cracking. Finally a bunker rake handle whose performance surpasses your expectations.
- Both 60" (152 cm) and 72" (183 cm) lengths fit Tour Smooth II, Tour Pro and Accuform bunker rake heads.

60" Handle - Green  
**ST11200**

72" Handle - Green  
**ST11210**

60" Handle - Brown  
**ST11201**

72" Handle - Brown  
**ST11211**

**TOUR-LITE™ RAKE**

This rake has the same curvature and teeth as the TOUR SMOOTH rake but is lighter weight for one handed use. Handle is plastic coated steel and 54" long with a 4" grip.

- ST12350** Rake With Yellow Ultralight Handle
- ST12375** Rake With Green Ultralight Handle
- ST12305** 54" Yellow Ultralight Steel Handle Only
- ST12306** 54" Green Ultralight Steel Handle Only
- ST12301** 15" Tour-Lite Head Only

**15" TOUR SMOOTH II RAKE**

- Smooths both fine and course sand into perfect playing conditions quickly and easily.
- Pair the Tour Smooth II with the exclusive 60" (152 cm) Gator
- Grip Handle for a level of performance unmatched by any of the competitors.
- A single self-tapping screw (included) is all you need for assembly.

- ST11800** 54" Composite Handle - Green
- ST11820** 60" Gator Grip Handle - Green
- ST11830** 60" Gator Grip Handle - Brown
- ST11850** 64" Aluminum Curved Handle - Green
- ST12200** 72" Composite Handle - Green

Priced individually. Gator Grip and composite handles sold in multiples of 12. Curved handles sold in multiples of 6.

Time-tested design and performance of the Tour Smooth bunker rake just got an upgrade. Improved rake assembly and the addition of the exclusive Gator Grip Handle makes the Tour Smooth II a must for all courses.

Official

Licensed Product

Only one bunker rake is good enough to be officially licensed by the PGA TOUR.

Rake handles are guaranteed by the manufacturer to not splinter for two years and Sabertooth will warranty the rake handles from splintering for the expected five-year life of the handles.

**ULTRA RAKE**

Our 15" wide rake is impact-resistant, high-density polypropylene and has UV inhibitors! The patented head with unique teeth design leave the bunker smoother in less time!

\*1-YEAR WARRANTY ON HEAD.\* "Best Warranty in the Industry"

Handles are UV-inhibitor coated fiberglass and plugged on both ends for weatherproofing and enhanced life span. Comes with 54" Green Honeycomb Handle.

7 3/4"

F220 Green

F220 Wood

25" Head

The Sand Dancer rake has an oval head that when pulled forward creates a beautiful smoothing effect. The teeth are 1/8" longer, and that creates a deeper penetration. Works great in coarse and fine grained sand.

**MVP RAKE**

Made from sturdy plastic this 15" wide rake presents a smoothing curve shape to the bunker sand. The handle is a 48" long plastic coated light gauge hollow steel offering durability and comfort.

**F232**

**DELUXE SAND TRAP RAKE**

Hunter Green with White

**HOLLOW BRAID**

This popular rope is made of polypropylene and can be easily rejoined by feeding inside itself and pulling tight eliminating unsightly knots. Available in 1/4" and 1/2" widths. 5000 ft spool available on request.

**TWISTED**

Three strand polypropylene. Yellow, white, and green and white available in 600' lengths.

**F2001/4** 1/4"

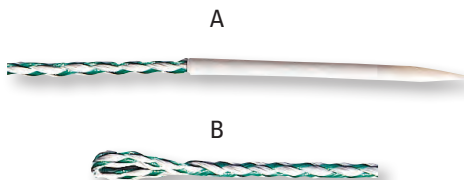

**1/2" ROPE**

At various locations around the course you may want to consider 1/2" rope over typical 1/4" rope. Many customers have found 1/2" rope gives a more distinctive and purposeful look which may be good around the clubhouse for example.

- F1901/4BLK** 1/4" Black per 1000 Ft.
- F1901/4HG** 1/4" Hunter Green per 1000 Ft.
- F1901/4W** 1/4" White per 1000 Ft.
- F1901/4Y** 1/4" Yellow per 1000 Ft.
- F1901/4HGW** 1/4" Hunter Green with White per 1000 Ft.
- F1901/2BLK** 1/2" Black per 500 Ft.
- F1901/2HG** 1/2" Hunter Green per 500 Ft.
- F1901/2W** 1/2" White per 500 Ft.
- F1901/2Y** 1/2" Yellow per 500 Ft.
- F1901/2HGW** 1/2" Hunter Green with White per 500 Ft.

**ROPE FIDS**

A - Plastic "FID" for joining or putting "Eyes" in the end of hollow braid rope.

B - Example of creating loop to connect two ends together eliminating knots in hollow braid rope.

**F189** 1/4" Fid  
**F1891/2** 1/2" Fid

**ROPE STAKES**

Since the creation of the first GreenWood™ stake by Eagle One in 1992, the line has grown immensely. We offer over 100 options catering to every golf course need. Please review the following pages to fill your needs.

**FAIRWAY / TEE / RANGE DISC MARKERS**

Large 7 1/2" cap with big bold 3 1/2" standard yardage numbers. Ideal for fairway, tee and driving range marking. Optional 8" mounting pipe attachment available for secure installation.

**FAIRWAY STANDARD DISC SYSTEM**

Color-coded markers with bold 3 1/2" yardage number. Several system options available.

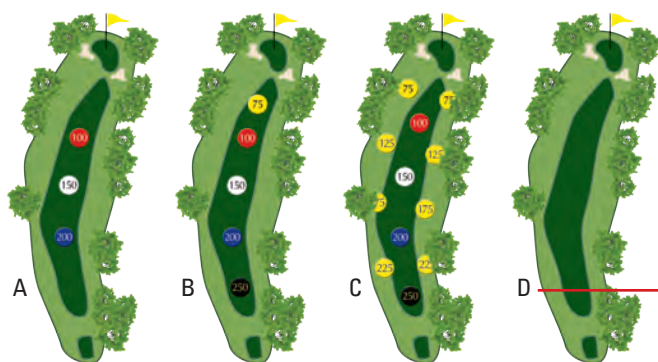

**FAIRWAY CUSTOM OPTIONS**  
Markers can be customized to display specific yardage numbers, include logos, or custom design.

**TEE BOX / DRIVING RANGE CUSTOM OPTIONS**  
Markers can be customized to display specific multiple numbers, include logos, or custom design.

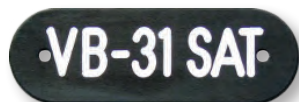

**SYSTEM EXAMPLES**

- A: 3 markers placed down the center of the fairway at 50 yard intervals
- B: 5 markers placed down the center of the fairway for greater coverage
- C: Markers placed on sides and center ("diamond" layout) for highest visibility
- D: Create a custom system with your choice of color and numbers/markings

**VALVE BOX / UNIVERSAL MARKERS**

These engraved, anodized aluminum (no paint!) markers are ideal for isolation or control valves, satellites or other applications.

Disc Marker pictured with optional 8" mounting pipe (installs easily with standard cup cutter)

**ORDERING**

<b>Standard Disks with Markings</b>	
FTM-Y-75	Yellow Disk with 75
FTM-R-100	Red Disk with 100
FTM-W-150	m White Disk with 150
FTM-BL-200	Blue Disk with 200
FTM-BK-250	Black Disk with 250
FTM-RWB-KIT	3 Disks with Yardages (l/m/l)
FTM-YRWBB-KIT	5 Disks with Yardages (l/l/m/l/l)

• **Custom Disks for Fairway, Tee Box and Driving Range**

FTM-Y	Yellow Disk no markings
FTM-O	Orange Disk no markings
FTM-R	Red Disk no markings
FTM-W	m White Disk no markings

**"SOFT-TOP" MUSHROOM MARKER**

These markers have 14" diameter tops that collapse under load. This allows them to stand higher in the fairway for greater visibility but set down under the load of the lawn mower and reduce bounce by golf balls compared to hard surfaces. Available in red, white, blue and yellow.

- F159** Complete Marker
- F159T** Replacement Top
- F159RB** Replacement Bottom

**PLASTIC DIG-IN YARDAGE MARKERS**

Extremely durable and good looking these yardage markers are made from two tone 3/4" solid plastic. Numbers are routed down in the face so they cannot be destroyed. Color face choices include red, white, blue, green, and yellow.

**F092** 15 1/2" Plain Round

**F093** 15 1/2" Numbered Round

**FAIRWAY DRAG NETS**

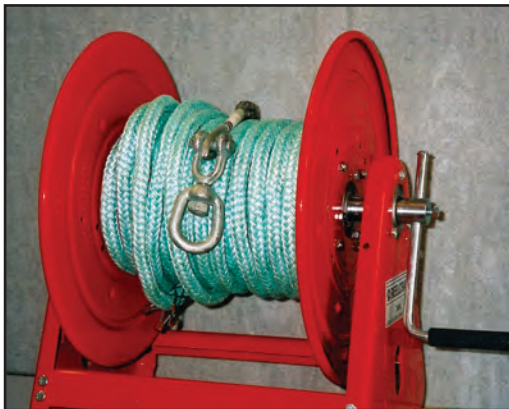

Drag nets allow mowing any time, even after rain. Prevents clumping and matting. Keeps fairways beautifully groomed. Saves time and reduces the chance of "dollar spot" and other turf diseases. Grass blades are forced to stand up. Styles to fit all major mower models. Please provide mower type when ordering. 3 - 4 weeks for delivery. Usually Drop Shipped - additional freight charges may apply.

**F670N** Fairway Drag Net Only Call For Quote

**FAIRWAY SNAKE**

The fairway snake is a weighted line that is towed by two vehicles up a fairway. The weighted line knocks down the dew, breaks up grass clippings, reduces disease pressure and stands up the turf for a better cut. Polypropylene outside, lead core inside. Weight is 1/2lb per foot. Usually Drop Shipped - additional freight charges may apply.

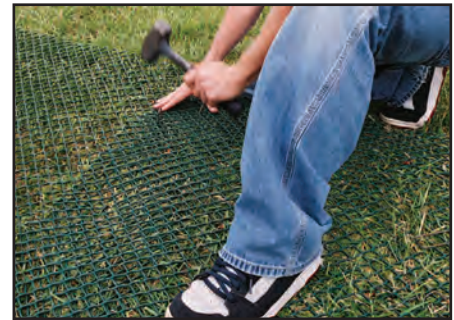

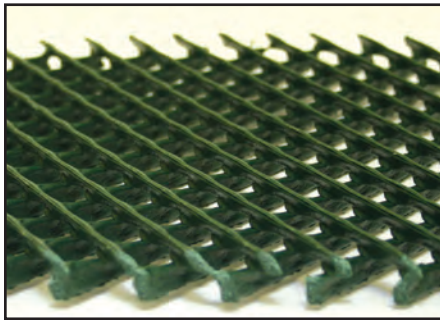

- F660100** 100' Long
- F660150** 150' Long
- F660200** 200' Long
- F660C** Custom Length
- CA30112L** Reel

**TURF SHIELD ROOT PROTECTION**

Applying

This grass protection system is a tough extruded polymer grid for reinforcing grassed areas used by vehicles and pedestrians. For best results the mesh should be laid down in Spring when the grass will grow quickly through the mesh and the root mass will form an interlock with the mesh filaments. The protected grassed areas will soon resume their natural appearance providing a stable surface which will withstand the weight of lightweight vehicles and heavy pedestrian use.

Product laid, ready for the turf to grow through.

After

**Applications:**

- Grassed access routes
- Footpaths
- Cart paths

**F35560**

6.7' x 60' Roll

**BUNKER LINER**

Known as Bunker-Aid plus, this highly efficient liner is 100% synthetic and includes a scrim backing to offer even more durability. Features include reduced wash outs, reduced silt contamination, increased golf course design flexibility, easy installation and reduced labor / maintenance.

Usually Drop Shipped - additional freight charges may apply.

**GREEN FLAGS**

Our 13" x 19" flags are manufactured from "400 Denier" weight nylon cloth. This is a heavier material than normally used within the industry. This weight is far more durable, fades much slower, and displays screened graphics more clearly. Flags have four rows of stitching on the trailing edge and corner cross stitching. Customizing with your logo or sponsor requirement can be either with screen printing or embroidery.

Need a logo? Let us design it for you.

Strong Wind Area?

We have developed some unique flag designs for heavy wind areas that slow the flag resonance. Please call to discuss.

Flags are hand-stitched, and therefore they can vary slightly.

**PLAIN FLAGS & SAMPLE COLORS**

Sample colors shown are approximate, and can vary slightly.

**TUBE ASSEMBLY**

**G790PX**  
Plain Two Tone Diagonal Cut Flags

### SOFT POCKET ASSEMBLY

Soft Pocket style regulation and practice green flags create a great new sleek look for your course. These pocket style flags have super strong canvas reinforcing with top grommet where the PVC tubes go on conventional flags. Soft Pocket's allow the flags to be washed with mild detergent and are available in all of our flags styles- plain, custom embroidered or silk-screened, checkered and practice green. Soft Pocket available on all flags at no extra charge.

**DIGITALLY PROCESSED FLAGS**

Eagle One now offers a new multi-color graphics option on all custom flags. This new digital imaging process allows us to apply logos, with multi-color shading, to all of our golf flags.

Up until now most club logos with color shading had to have colors completely separated in order to create a custom flag. With Eagle Ones new digital processing procedure, custom golf flags can have all the colors of the rainbow gradually fading into one another.

All digitally processed flags will come with our new "Soft Pocket" style of soft tube for attaching to flag poles and practice rods.

**GD700PLUS** Call For Quote

**DIGITALLY PROCESSED MILITARY FLAGS**

Our new digitally processed Military flag is a great way to honor all past and present members of the military on Memorial Day, 4th of July, Veterans Day Events or any time you would like to honor our veterans. All five branches of the military are represented. Comes in a soft pocket tube and are sold in sets of 9.

## QUICK RELEASE TOP STUD

- Eliminate the need to use acorn nuts on flagsticks
- Saves time when changing or removing flags
- Allows flag to easily be removed and putting on by pulling up or down on the flag tube
- Screws onto existing flagstick top stud in place of acorn nut
- Extra acorn nuts are no longer necessary
- Comes in a package of 10

PAR1740-10

## PINSITE REFLECTOR

Convert any existing flagstick to give precise readings to laser distance measuring devices. Screws in place of top stud. Nylon thread prevents seizing to the top of the flagstick.

PAR1736

## LASER REFLECTOR

- Screws easily onto the tip of existing flagsticks in place of the acorn nut.
- Five prism reflectors are oriented to provide 360 degree reflectivity.
- Molded from DuPont Zytel ST-801 nylon for the ultimate in durability and virtually invisible to everything other than lasers.
- Make sure to use anti-seize lubricant before installing on your flagsticks.

Generate new revenue with no additional maintenance costs and an amazing 30-60 day ROI, with the fastest growing sport in the United States - FootGolf!

Why is FootGolf so appealing for courses and players alike?

- Inexpensive for clients and the course.
- Pace of Play – Takes about an hour to play 9 holes.
- Attracts new clients from a large demographic.
- Ability Friendly – All ages & skill levels can play.
- Community Activity – Additional recreation activity.
- Fitness – Walking 9 holes is approximately 2 miles.
- Competitive – All ages can compete against one another.
- Additional cart and concession revenue.

**GFG150** FootGolf Cup  
**GFG151** Ball Elevator

Premier FootGolf Official Cup Specifications:

- 21" interior diameter x 12" depth.
- Cup's outer 1" lip features a 10 degree downward slant to better allow the ball to drop in the cup.
- Bottom of cup & elevator is designed to allow for great water drainage.

**The Premier FootGolf Official Ball Elevator**

The Ball Elevator is designed for ease of removing the ball from the cup. Simply lift up the flag stick and the ball elevator disk lifts the ball out. No need for bending over to retrieve the ball, making FootGolf ideal for all ages.

- Made of durable polypropylene.
- Manufactured in the United States.
- Attractive Augusta Green.

## 15" COLOSSAL CUP

Let's make golf fun again!

Attract new golfers at your course! 15" holes provide an alternative way for kids, beginners, and those who play the sport in a more casual way, to enjoy the game of golf. 15" holes not only make golf more fun, but also will help speed up pace of play!

**SMART-FIT™ CUP AND FERRULE SYSTEM**

This cup is designed with fillets that support the flagstick ferrule. This allows soil or sand to pass through reducing the chance of sticking. The notched ferrule system prevents your flagsticks from 'walking' out of the cup, rotating, preventing excessive wear on the ferrule and keeps the flagsticks straight.

- ST18222** Plastic Cup
- ST18333** Aluminum Cup
- ST26515** Replacement Smart-Fit™ Ferrule

**PUTTING CUPS**

6in. putting cup meets all USGA regulations.

**PAR AIDE HIO HOLE CUTTER**

**THE ART OF HOLE CUTTING TAKEN UP A NOTCH**

The best pound-in hole cutter with its precision, ease-of-use and time- and body-saving ability. To operate, simply pull out the pin, lift the handle, and the hammer action drives it into the ground.

Enjoy the following advantages:

- Perfectly round holes with clean edges.
- Easy on arms and shoulders — no twisting required.
- Easy for any crew member to operate.
- Powerful action works great on clay-based “push up” greens.
- Achieve uniform hole depth.
- Saves time.
- Perfect for Bermuda greens, as grain direction is easily matched when replacing plugs

- PAR1003-1** HiO Hole Cutter with inside sharpened blade — sand-based, USGA greens
- PAR1003-2** HiO Hole Cutter with outside sharpened blade — native soil “push up” greens

- PAR1009-01** HiO inside sharpened replacement blade — sand-based, USGA greens
- PAR1009-02** HiO outside sharpened replacement blade — native soil “push up” greens

**POCKET TUBULAR 1/2" SOIL PROBE**

The Pocket Tubular Soil Sampler - 1/2 inch diameter soil sampler. This tool that is the smallest diameter tubular soil sampler in the business. Its 1/2 inch diameter sampling tube is made of Stainless Steel. The rugged but lightweight sampler is perfect for quick soil sampling of areas like golf greens without leaving behind a large hole. It will remove a clean sample to a depth of six inches in all types of soils. Quickly inspect the soil for moisture content, root depth or any other physical characteristics. In addition, the Pocket Tubular Soil Sampler - 1/2" Diameter is manufactured out of Stainless Steel so you can also use it for soil sample collection without the worry of contamination from iron, copper or zinc. Its overall length is eight and a half inches which is ideal for carrying with you anywhere.

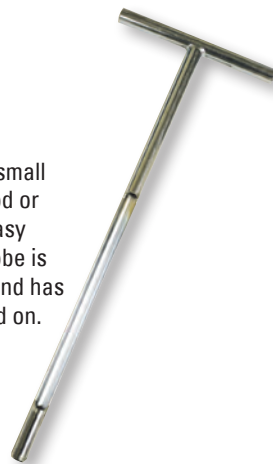

**G009POCKET**

**TURF PROBE**

Minimize damage to turf with small diameter probe.

The turf probe is designed to collect a small 9" by 1/2" diameter soil sample from sod or grassed area. The probe slot allows easy visual inspection and cleaning. The probe is made from nickel plated carbon steel and has a built-in 7" cross handle that is welded on. The overall length of the probe is 18"

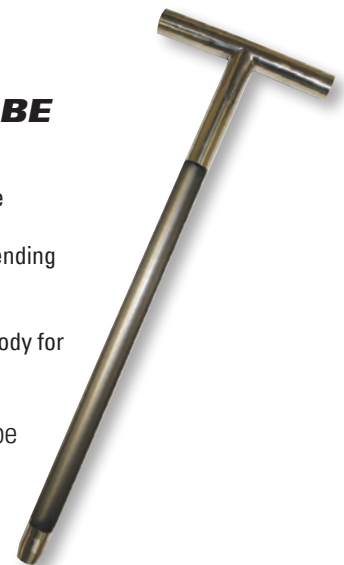

18" Plated One-Piece Turf Probe  
**G024**

**7/8" SOIL PROBE**

- These nickel plated probes are rust-resistant.
- Sturdy design which resists bending and twisting out of shape.
- 7" cross handle.
- Clean, wide slot in the probe body for easy removal of sample.

7/8" x 21.5" Plated Soil Probe  
**G026**

**DEW WHIP**

Three part fiberglass telescoping dew whip extends quickly to 18' for dew removal.

**G015**

**WHIPPING POLE**

Each whipping pole offers two piece design with light weight aluminum handle.

**AERIFIER WITH CORE COLLECTOR**

Choose from solid or hollow tines, each with 2 ¼" penetration. If you're using hollow tines, the Hand Aerifier includes a core collector to help you clean up. Each tine base includes nine replaceable tines on 2" centers. The body assembly features rugged steel construction and a powder-coated finish.

**Specifications:**

Weight Complete with Tines: 9 lbs (4 kg)  
Tine Length: 3 x 3/8" (7.6 x 0.95 cm)  
Tine Penetration: 2 ¼" (5.7 cm)  
Tine Centers: 2" (5.08 cm)

- ST29808** Body Assembly Less Tines
- ST29803** Hollow Tines Base Assembly
- ST29805** Solid Tines Base Assembly

**Ordering:**

Order the Body Assembly and a Tine Base Assembly separately.

**SPIKED ROLLER AERIFIER**

This is a handy tool for small aerifying jobs. Sturdy plastic spikes wrap around roller frame and puncture turf as you roll, aerifying the surface.

- ST71708** 8"
- ST71716** 16"

**MAGNUM LUTE**

This is a double edged reversible blade for pushing or pulling. Ideal for aerification plugs. Handle is 66" long.

- ST71424** 24" Magnum Lute
- ST71436** 36" Magnum Lute

**ROLLER / SQUEEGEE**

Double closed cell foam rubber roller with stainless steel shaft and heavy duty bearings. Ideal for greens, tennis courts, etc.

- ST71324** 24" With 66" Aluminum Handle
- ST71336** 36" With 60" Aluminum Handle
- ST71348** 48" With 66" Aluminum Handle
- ST71325** Replacement 24" Roller For Squeegee
- ST71337** Replacement 36" Roller For Squeegee
- ST71349** Replacement 48" Roller For Squeegee

**KLAW**

Finally a ball repair tool that really works!!! Made primarily of stainless steel this one-action device not only repairs ball marks properly it does it very fast. By pushing down on the handle, two multi prong teeth first project into the turf in a wedge format. As they go deeper the wedge width closes in and finally towards the bottom of the stroke the teeth become parallel. This intricate series of actions pulls the turf towards itself lifting it back into place. Final tamping completes the repair. The Klaw performs the most frequently recommended motion to repair ball marks. Repair speed is estimated between 15 - 20 in about two minutes. Great for weaving plugs back into green.

9 lb. Easy Spreader Steel Rake  
Great for golf course construction, leveling tee areas or smoothing out banking. More rugged than traditional rakes. Perfect for spreading and leveling loam for sod cutting areas.

**G018**

**EASY SPREADER**

3lb. Easy Spreader. Ergonomic and easy to use. The 3 lb. Easy Spreader is great for sand traps, top dressing or any other light to medium duty leveling. Easy push or pull.

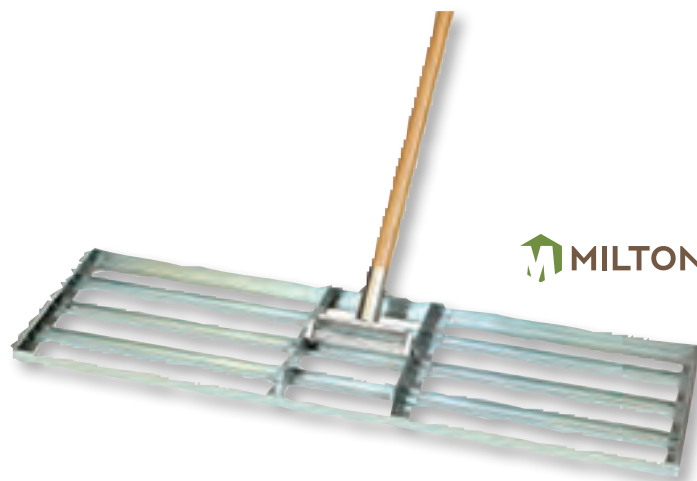

**G017**

**LEVEL SPREADER**

Spread and smooth out soil before seeding or planting. The Level Spreader is the right tool to prepare soil on all the right projects. Features a 34" x 10" plated steel head and a sturdy 72" wooden handle.

**MIL540580**

**MILTONA**

**BREAKMASTER  
GREEN SLOPE READER**

Lay this device anywhere on your green to get a precise digital reading of the slope. Will fit in the palm of your hand, includes batteries with over 1 year of life and are easily replaceable. The Breakmaster reports the direction and severity of a slope in about 1 second.

**G001SL**

**GREENS  
SPEED METER**

Extruded aluminum ramp measures the speed of the putting green. (instructions included)

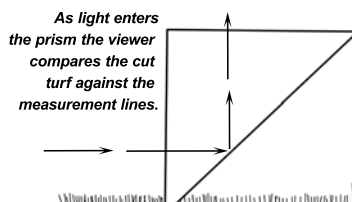

**G001**

**PRISM-GAGE™**

The PRISM-GAGE™ is a right angle prism with precision measurement lines inscribed on one face of the prism. When viewing through the PRISM-GAGE™, these graduated lines are superimposed on the turf so the viewer may measure the actual height of the turfgrass and thus be able to compare it with mower bench settings. The observer may also inspect the quality of cut by comparing the turf over the viewing plane of the prism.

Lines are inscribed at .100, .200, .300, .400, .500, .750, 1.0 and 1.5 inch. The lines appear superimposed on the turf enabling the observer to determine actual height of cut. By slightly tilting the prism, a larger over view of the turf may be viewed in order to observe the "quality" of cut.

**G100** Prism-Gage™

**G100M** Prism-Gage™ (metric)

**DRAG BRUSH**

This brush drags behind your work vehicle and gently and evenly works top dressing into the green. Basic unit is 54 1/2" wide, two 27" wide extensions can be added to increase total width if desired. Each unit comes with weight racks to reduce vibration and follow undulations.

- ST52000** Drag Brush
- ST52050** Set Of Two Extensions

**COCOA DRAG MATS**

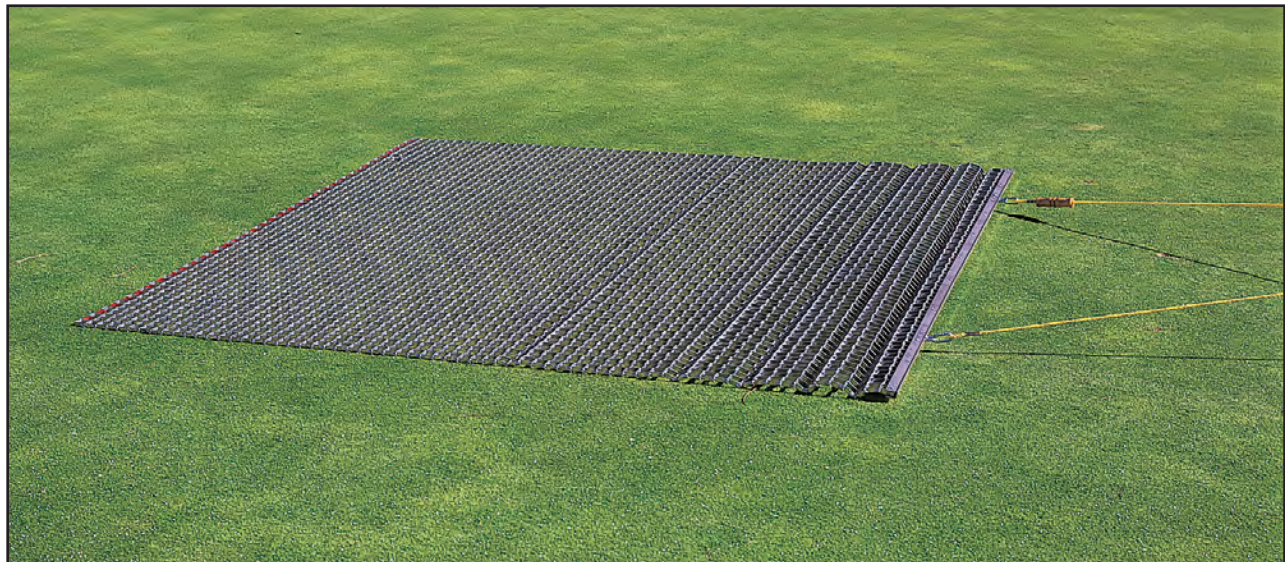

This mat offers the ultimate in protection for your tender turf while top dressing and filling the aerated holes. Made from natural cocoa fibers and bound by a thick plastic backing this mat can be used in multi-seasons. Towing harness can be hitched to a cart, mower or any prime mover. Standard sizes are 4'x6', 5'x6' and 6'x6' with 5' towing harness. Custom sizes are available upon request.

- G07046** 4'x 6' Drag Mat
- G07056** 5'x 6' Drag Mat
- G07066** 6'x 6' Drag Mat

- G070BAR4** Replacement Bar Assembly 4'
- G070BAR5** Replacement Bar Assembly 5'
- G070BAR6** Replacement Bar Assembly 6'

**FLEXIBLE DRAG MAT**

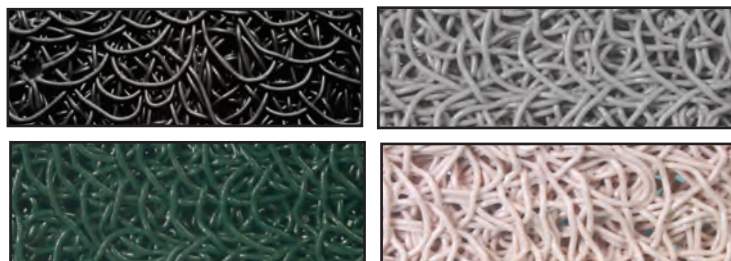

Galvanized steel mats are ideal for spreading sand and seed mix on your greens. Open mesh flexes to allow even distribution of sand and rolling up for storage. Custom sizes also available.

- G01036** 36" X 60"
- G01048** 40" X 84"
- G01066** 60" X 60"
- G01068** 60" X 84"
- G01077** 72" X 72"
- G01078** 72" X 84"

**POLY EXTRUDED MATTING**

This textured P.V.C. surface provides sure footing - reducing the risk of slipping on bridges, steps and walkways. The material allows moisture to flow through, trims easily with a razor knife and is light weight. It can be adhered to concrete, wood, asphalt or steel with GE 2801 silicone or simply screwed down. Poly extruded matting is easy to clean by sweeping or washing down and can withstand temperature ranges of -35 Degrees to + 180 Degrees F. It resists alkalis, acids, ozone and water borne chemicals.

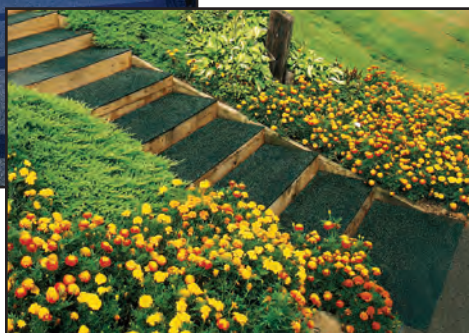

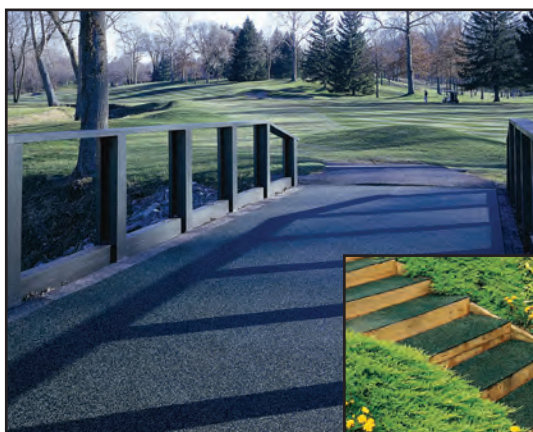

Stock colors are Hunter Green and Black. Other colors are available, but a longer lead time is required when ordering any of the following colors: Chocolate Brown, Sandstone or Gray.

Excellent adhesives are available for securing your PEM matting to concrete, wood, asphalt or steel.

- C131G** GE 1800 Silicone, 10.1 oz, Tube
- C131SA** Pro Fix 240 Seam Adhesive, 1lb. Bottle
- C131SAA** Pro Fix 241 Seam Adhesive Accelerator, 6oz. Can

## **GOLF BAG MOBILE & STATIONARY STORAGE SYSTEM**

Eagle One Golf Products, with its 30 years of experience in design, layout, and installation, will show you how to make the most of your storage space. Just provide us with the number of golf bags you need to store and the measurements of the area we have to work with. We will provide you with a

cad drawing - showing the layout of your system along with the number of bags you wish to store. Our systems are unique because we can adjust, on 1½" centers, to any height requirements you request, allowing for the tallest drivers and putters.

We also have the capability to combine, or store separately, any golf products, supplies, and/or merchandising with our shelving systems from flat to hanging items.

## PREMIUM SPECIAL EVENT RECORDERS

Eagle One's new Long Drive Recorder is great for all of your tournament long drive needs. Since most long drive recorders are under 2 feet high, visibility from the tee box is nearly impossible. This unit however stands over 5 feet tall and can be seen at long distances. 3 spikes on the bottom plate pushes into the turf as the distance moves along. Recording area is made from dry erase material and an erasable grease pencil is included.

**S303**  
Long Drive Recorder

## EVENT RECORDERS

**S307CTPT100**  
Closest To Pin  
with 100' Tape

**Measure From  
Ball To Hole**

**S307CTPT50**  
Custom Closest To Pin  
with 50' Tape

**Measure From  
Hole to Ball**

**S304CTP**  
Closest To Pin with  
50' Tape

These exceptionally nice looking special event recorders are made from super durable laminated plastic and can easily accommodate your logo at a nominal cost. Names are recorded on special "dry erase" board using regular score card pencils that slip into a hole drilled in top of unit. Old names wipe clean with Windex or mild soap and water. Measuring tape units come with 50ft tape measures. We also offer a special order 100ft tape measure on request. Closest to pin- S307CTP (no tape) will come with a 24" spike, S307CTPT (with tape) is made with a 6" spike for easy measuring. The same spike lengths apply to the S307SD and S307SDT straightest drive recorders. The S307LD longest drive is not available with tape and there is a generic version that doesn't stipulate a specific event allowing many uses.

\*Also available with Metric tape measures.

**SIGHT SCREENING**

- R09868** 66" x 50'
- R09892** 92" x 50'
- R098C** Custom Width and Height

Screen away those unattractive sights or block the view during tournaments using this long lasting privacy mesh. Also excellent for wind control around back of bleachers or stands. Made from UV stabilized polyethylene it is available in five sizes.

Maximize efficiency by utilizing your sight screening as an advertising, sponsorship or informational opportunity. By screening your logo or message, attention can be diverted from a barrier, to presenting billboard space. Other uses can include construction information or traffic diversion. Please be sure to order in advanced as normal lead times for this process are approximately 2-3 weeks.

**CROWD CONTROL FENCING**

For fencing off hazardous areas or tournament crowd control. Green or Orange.

- R090G** Green 4' x 50'
- R0900** Orange 5' x 50'
- R095** Post Steel Fence

## MALL BENCHES

Three 2 x 4 slats shown

Three 2 x 4 slats shown

GreenWood™ "mall" style bench. Tough, low maintenance and durable. Many color combinations! Legs available in Green, Brown, Cedar, and Black. Shipped "knockdown" for easy transit. Slats are 2 x 4 as standard.

- T238** 4' Long, 2 x 4 slats
- T239** 7' Long, 2 x 4 slats

## HIGH BACK BENCHES

100% GreenWood™ seat slats, and solid recycled plastic legs. This is a very tough, sturdy and virtually no maintenance product. Standard in either 4' or 7' lengths. Custom lengths available. Different color combinations are available. Legs available in: Green, Brown, Cedar, and Black. Shipped "knock down" for easy transit. Standard slats are 2 x 4.

- T230** 4' Long 2 x 4 Slats
- T232** 7' Long 2 x 4 Slats

## PARK STYLE PICNIC TABLES AND CHAIRS

We offer many forms of picnic tables depending on your needs. All feature durable and maintenance free 2" x 10" GreenWood™ tops and seats with various sub structures of GreenWood™ or steel. We have wheel chair accessible models and various lengths for specific needs. The most common tables are 6' long and are available in numerous colors or color combinations.

- C350** 6' All GreenWood™
- C350H** 8' All GreenWood™ - Handicap
- C355** 6' GreenWood™ Top With Steel Frame
- C355H** 8' GreenWood™ Top With Steel Frame - Handicap

Some assembly required.

**HERITAGE BENCHES**

Modeled after traditional teak wood benches this GreenWood™ bench offers the best in style and durability. The seat area is contoured for comfort and arm rests are convenient when relaxing. Cushions are not included though can be supplied. Available in Black, Green, Driftwood, Brown, Cedar, and White and mixed color combinations. (Trash can not included.)

- T2452** 2' Chair
- C922X** 2' Bench Cushion
- T2454** 4' Bench
- C924X** 4' Bench Cushion
- T2456** 6' Bench
- C926X** 6' Bench Cushion

**SANTA FE BENCH**

The Santa Fe Bench offers comfort and style and requires minimal maintenance. Made from 100% GreenWood™ recycled plastic lumber, the Santa Fe will never chip, rot, split or ever need painting.

Modeled after traditional wood benches, this GreenWood™ recycled plastic lumber bench offers the best in style and durability. The seat area is contoured for comfort and arm rests are convenient when relaxing. Cushions are not included though can be supplied.

- DDT2455** 5' Santa Fe Bench
- C992X** 5' Santa Fe Bench Cushion

**CHIPPENDALE BENCH**

This super comfortable bench looks great and will require little, if any maintenance. Made from 100% GreenWood recycled plastic lumber, the Chippendale Bench is designed with a contoured seat, backrest and arm rests. Offered in three different sizes, this is one bench that looks great anywhere you put it- ideal for tee boxes, clubhouse, pool or tennis courts.

- LCCB48** 4' Bench
- LCCB60** 5' Bench
- LCCB72** 6' Bench

## PODIUM ON POST

Place this podium in the vicinity of the first tee to record tee off times. The marshal can now control group times. Made from 100% GreenWood™. Lid collapses down to seal the unit when not in use. The box is 24" long x 10" wide x 6" deep. Comes with a 4" x 4" x 5' post.

T070NE

## DESIGNER'S PODIUM

A modern simple design makes this a great podium for welcoming guest, cart assignment attendants or first tee starters. Available in most colors and color combinations.

T073

## DIRECTOR'S PODIUM

This GreenWood™ half size podium is great for tournament directors or starters. The lockable castor wheels make it exceptionally easy to store away at night. Lots of storage area with lockable hasp on request. Available in Green, Black, Brown and Driftwood.

T072NE

**FULL PODIUM**

Built for outdoor durability from Greenwood™, this starters' podium features a sloping work top that lifts up for storage of documents, radios, etc. It is a comfortable work height.

Dimensions: 23" Wide, 21" Deep, 28.5" High (Front), 40" High (Back).

- T071NE** New England Pattern
- T071WHNE** New England Pattern With Wheels
- T071UA** Umbrella Attachments
- C920X** Sunbrella Umbrella
- C921X** 8oz Polyester Umbrella

**ARCH DESIGN PODIUM**

For your greeter or starter, this fantastic looking podium will give you years of use with little to no maintenance required. Logos or messages can be added for a nominal up charge, call to discuss. Made of 100% Greenwood™ Recycled Plastic with many color combinations available.

**T069A**

**EXTRA LARGE PODIUM**

This extra large starters podium is ideal for multi staff greeters or starters. Plenty of storage in lower cabinets and top enclosed hatch. Logos can be added for a nominal upcharge.

- C425-** Adirondack Chair with
- C425LR** Pullout Leg Rest

**NANTUCKET PLANTER BOXES**

SKU	Description	L	W	H	Wt
C50012NE	Nantucket New England	11.5"	12.5"	12"	13 lbs
C50017NE	Nantucket New England	17"	16"	12"	21 lbs
C50034NE	Nantucket New England	34"	12"	12"	27 lbs
C50048NE	Nantucket New England	48"	12"	12"	42 lbs

Offering great style without compromising durability these planters are a great asset to your property. Made from GreenWood™ that doesn't rot, split, corrode or rust they eliminate most of the maintenance problems associated with natural or painted wood planter boxes. The Nantucket style is finished with 2" x 2" framing at the corners. The height of these boxes is 14" (including the 2" x 2" corners). Custom face engraving may also be possible including logos and numbering if desired. The Catalina model provides a simpler design, and these boxes are 12" high.

**CATALINA PLANTER BOXES**

SKU	Description	L	W	H	Wt
C50512NE	Catalina New England	11.5"	12.5"	12"	10 lbs
C50517NE	Catalina New England	17"	16"	12"	16 lbs
C50534NE	Catalina New England	34"	12"	12"	20 lbs
C50548NE	Catalina New England	48"	12"	12"	24 lbs

**NORTH HAMPTON PLANTER BOXES**

SKU	Description	L	W	H	Wt
C49512NE	North Hampton New England	11.5"	12.5"	12"	13 lbs
C49517NE	North Hampton New England	17"	16"	12"	23 lbs
C49534NE	North Hampton New England	34"	12"	12"	28 lbs
C49548NE	North Hampton New England	48"	12"	12"	43 lbs

With all the benefits of the Nantucket style planter boxes, the North Hampton style features a 'lip' running around the top edges. Custom face engraving may also be possible including logos and numbering if desired. These boxes are all 12" high.

**CUSTOM PLANTER BOXES**

Custom sizes, patterns, engravings and signs are all possible. Please call to discuss your requirements.

## FREE STANDING REFRIGERATED DRINKING FOUNTAIN

These units are constructed from a durable stainless steel shell with a vandal resistant double bubbler. It has an easy clean anti-splash rim receptor. One model is for use in exterior, undercover applications. The second model is unique as it is designed for exterior exposed situations found on a golf course. Although both units are U.L. Listed it should be noted that the "exterior exposed" model is the only one offered for sale in the USA with this important and liability reducing safety listing. A drop-over housing, made from GreenWood™ can be added, that simulates the look of our T279 model drinking fountain shown below. If you plan to use it in potentially freezing areas, please request a unit designed for this environment. Covers sold with water coolers only.

- T280** Exposed Applications, Free Standing
- T280U** Undercover Applications, Free Standing
- T281** Exposed Applications, Wall Mount
- T281U** Undercover Applications, Wall Mount

## GREENWOOD™ FOUNTAINS AND COVERS

With choices from GreenWood™ refrigerated fountains to drop over covers to drop over covers with lids, we have everything you need. Covers include a trap door to provide easy access to the plumbing.

In addition to the aesthetic appeal, our covers add great protection to the light gauge steel sheeting of regular drinking fountains. Depending on your model the cover may need to be custom made for you. All covers are made to order. Green or driftwood are standard though other colors may be available.

We can also supply a cover with a spring-loaded hinge to protect the fountain and drinking area from reclaimed water.

Dimensions: Width - 17 1/4", Depth - 16", Height - 39 1/2"

**RUST-OLEUM PAINTS**

Colors available: Black, Blue, Red/Orange, Green, Orange, Red, White, and Yellow

- R260** Rust-Oleum Paint, 12/case
- R240** Traffic Paint, 6/case

- Features a precision-line spray tip for easy-to-read, bright, vivid markings
- Virtually no overspray
- Can be applied down to 25° F (-4° C)
- Dries in less than 5 minutes
- Easy-to-use, spray-through cap guaranteed not to clog
- Marks more linear feet than the competition
- Available as either the standard solvent or as a waterbased paint (special order)
- 12 cans per case

**MARKING WAND AND PISTOL**

- Mark hazards and ground under repair with our accurate, easy-to-use inverted turf marking paint wand.
- Easy to load, easy to shoot and compatible with any brand of marking paint.
- 35" (89cm) long

- R262** Marking Wand
- R263** Marking Pistol
- R243** Turf Chalk

**RUST-OLEUM STRIPING MACHINE**

Made of solid steel construction with a tilt-away handle for easy storage and larger wheel size to roll quickly over turf. Large tray carries 12 cans of paint, allowing you to mark your turf with ease.

- R264** Striping Machine

**PORTABLE RADIO**

Kenwood's compact transceiver, based on a proven design, represents ergonomic excellence. Powerful too: equipped with scan, and built-in VOX, it offers reliable performance in all conditions, thanks to weatherproofing. Indoors or out, rain or shine, the smart new R152 is a star performer!

**COMPACT DESIGN**

The R152's rounded ergonomic contours naturally fit the hand for a superbly comfortable hold, while the non-slip elastomer channel knob with improved torque characteristics ensures positive select operation.

**INTERNAL VOX HANDS FREE READY**

Enjoy the convenience of hands-free operation using any optional headset accessory. The internal VOX (voice-operated transmission) provides PTT control with the simple act of talking. VOX is great for specialized tasks and events where hands-free, constant or repetitive communications are necessary (10-level sensitivity adjustment).

**FUNCTION KEYS**

The two side PF1 and PF2 keys make functions easily available on the R152, with PF1 key for activating the Lock function and PF2 key for Scan w/temp delete function permitting a custom usage for specific users.

**LOCK**

Lock all user controls (except PTT and volume) to prevent accidental channel changes.

**SCAN**

Scanning is a simple way to monitor multiple channels and the R152 (16-channel capacity) offers scan modes.

**VOICE ANNUNCIATION**

When the channel turns and selected other channel, R152 will tell you channel number.

**WIRELESS CLONING**

This wireless feature simplifies the setup of several radios to function identically and eliminates repetitive setup actions of individual radios. (Dealer function only)

**ACCESSORIES INCLUDED**

- 18-Hour Ni-MH with Battery Save Mode On
- 3-Hour Fast Charger
- Spring Action Belt Clip
- Removable Antenna

**R152** - Compact UHF FM  
Portable Programmable Radio

**R152B**  
NI-MH Battery  
Pack (1,500mAh)

**R152BC**  
Belt Clip

**R152M**  
Compact Speaker  
Microphone

**R152C**  
Nylon Case

**R152HS**  
Head Set

**STRIKE ALERT - LIGHTNING DETECTORS**

Help protect your golfers, staff and other visitors from the dangers of lightning strikes. We offer two choices of lightning detection devices which can begin to alert the user of lightning up to 40 miles away giving plenty of time to get to safety. Compact size of both allows for use on golf carts, golf bags, pro-shops, maintenance offices and much more.

The Strike Alert detector is very compact at only the size of a pager. Its special features include impact resistant, belt clip, loud audible warning, 100 hours of operation from one battery, easy to use, economical cost, LED display indicating 0-6, 6-12, 12-24, 24- 40 mile storm distance. Storm approaching / departing indication and variable pitch alert indicating storm distance.

**SUNSCREEN**

OSHA makes it the responsibility of all employers to protect their employees from all known hazards. Ultraviolet rays are considered a known hazard and is becoming a bigger liability issue daily. For very little expense you can now buy some insurance against this concern. Using a small wall dispenser to dispense our SPF 30 industrial sunscreen, you fulfill your responsibilities and put the onus on the employee. One bladder of sunscreen is 16.9 fl. oz. and supplies approximately 600 average daily uses for one man.

- R780D** Dispenser with refill
- R780R** Refill Bladder

**RESPIRATORS**

Non toxic particle mask. Lightweight and easy breathing/ speaking. 50/box.  
**R420**

Dust and mist respirator. NIOSH/MSHA approved for dusts and mists. Soft and lightweight.  
**R4202200**

EZ-ON™ respirators are the first and only NIOSH approved one strap respirators. N95.

- R420E223** - 10pk  
With valve
- R420E222** - 10pk  
Without valve

**EAR MUFFS**

Independent ear muffs  
These light-weight ear muffs have a Noise Reduction Rating (NRR) of 22 dB(A) when used as directed and meet ANSI Standard 3.19.

**R439**

**EAR PLUGS**

Longer length for easy fitting and removal. Bright green color for compliance checks. NRR 31.

- R4206844**  
250 pairs
- R4206845**  
500 pairs

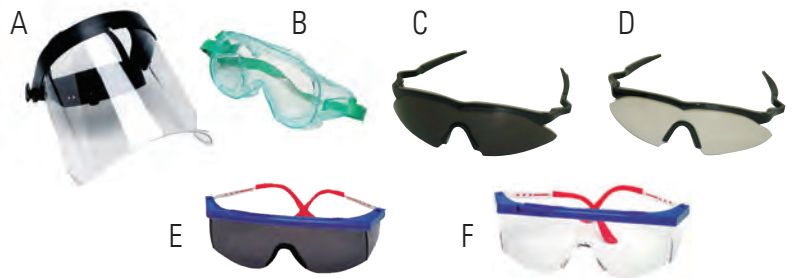

**R425** - no cord  
Low pressure foam

**R426** - with cord

**TINGLEY WEBDRI**

Made in the U.S.A. of PVC/paracril on nylon polyester. The non-woven, high loft fabric is plied in two different directions and then stitch bonded in nylon. This results in dissipating moisture on the inside and giving the fabric an extremely soft hand and shows great stretch qualities. The combination of our unique PVC coating and substrate make the Webdri a truly high performance suit that can withstand heavy laundering and duty. A great value.

Sizes: S, M, L, XL, XXL

**R601J** Jacket

**R6010** Overalls

**HELLY HANSEN RAIN SUIT**

25 Gallon Tank, 12 Volt, Turf Sprayer

**"WHEEL SPRAYER" PRECISION APPLICATORS**

These sprayers are motorless and ground-driven not requiring gasoline or batteries for accurate chemical applications of herbicide, fungicide, fertilizer or insecticide. Applications are relatively unchanged by the speed they are pushed. These precision units are the most accurate, trouble-free liquid applicators available.

A. The Grounds Wheelie II is a 6 gallon push sprayer designed for professional grounds maintenance. Equipped with shut-off controls on the handle grips and extra large tires to make pushing easier in tall southern grasses or on hilly, uneven terrain. The twin wheel pumps spray a fan of solution 6' wide, at the rate of 1000 sq. ft. per gallon. The 6 gallon tank-full will cover approximately 6000 sq. ft.

**E675WS485** Grounds Wheelie II

B. This unit is a 10 gallon push type commercial unit featuring the famous Wheel Spray ground-driven pumping system. The pumping system is made of corrosive-resistant materials and is used extensively by golf course professionals on the greens, the collars and around the clubhouse. The 10 gallon tank will cover approximately 10,000 sq. ft. at the rate of 1000 sq. ft. per gallon in a 6' swath.

**E675WS490** Greens Wheelie

C. This 10 gallon push type sprayer features two pumps and two spray nozzles which will deliver a 6' fan of solution at the rate of 1000 sq. ft. per gallon. Extra tanks are available. The shut-off controls, located on the handle grips, allow the operator to use the nozzles independently. This is a very popular feature with turf care professionals.

**E675WS495** Turf Wheelie

D. The 2.5 gallon push Grounds Wheelie sprayer is used to apply liquid fertilizers, herbicides, insecticides, fungicides and growth regulators. The ground-driven pumping system delivers a 36" fan of solution at the rate of 1000 sq. ft. per gallon. This unit is most popular with for use in confined areas near buildings, shrubs, and decorative plantings.

**"BYHO" ONE WHEELED EDGER**

This widely used edger, ideal for trimming the bunker lip, features outstanding maneuverability and tight turning radius, rugged and light weight design, heavy duty components and powder coated finish. Available with either a 2.5 HP Honda or 3.5 HP Briggs & Stratton motor. Blade is 12".

- E412H** 2.5 HP Honda Motor
- E412** 3.5 HP Briggs & Stratton Motor

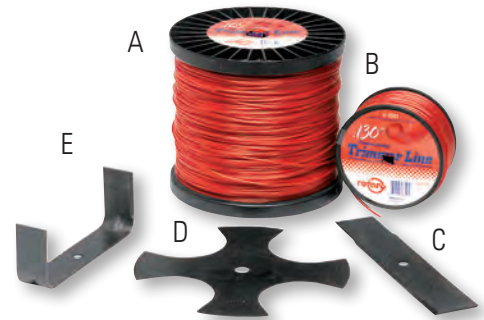

**5LB. SPOOLS**

- A E633095** 1400' x .095'
- E633105** 1150' x .105'
- B E633130** 750' x .130'

**BLADES**

- C E632** Options starting from\*
- D E632S** Star Edger 9"
- E E6327D** Donut Edger 7"
- E6328D** Donut Edger 8"

\*Blade C is available in various sizes and sharpened or unsharpened.

**"EDGIT PRO" TRIMMER GUIDE**

This unique guide device makes accurate trimming a breeze while improving efficiency through quicker job completion times. Attaching to most regular trimmer machines it rolls along the surface as you trim. This provides a super accurate edge at high speed and is also ideal for around bunkers and for horizontal mowing. Other advantages include increased safety, lower surrounding damage, and reduced string consumption. Please indicate the make and model of your trimmer machine when ordering.

**E615**

**TAS HEAD TRIMMER**

Made from heavy duty steel, these head trimmers are fast and efficient. Ideal for sprinkler heads, control valve covers, etc. Sizes span from 33/4" to 101/4" diameters and are designed to fit all major brands of trimmer machines.

- E059TASII** 3.75" Diameter Head
- E05955** 5.5" Diameter Head
- E059TASI** 7" Diameter Head
- E05975** 7.5" Diameter Head
- E059107H** 7.5" Diameter Head (Replacement for Hunter)
- E059GC8** 8" Diameter Head
- E059GC85E** 8.5" Diameter Head
- E059GC10** 10" Diameter Head

\* If installing on Echo equipment, when placing your order please remember that a white spacer is needed.

**"POWERHEAD" SPRINKLER HEAD TRIMMER**

The "Powerhead" device has to be tried to see how well it works. Simply attaching to the base of all major brand grass trimmer machines, it trims sprinkler heads, irrigation boxes and yardage markers in a flash. With no more strings to contend with, the Powerhead will cut hours off your trimming. Please indicate make and model of your trimmer machine. This product comes in four sizes.

**REEL SHARPENING COMPOUND**

Our sharpening compound is pre-mixed to save time, ensure consistent results and reduce wastage. It is formulated from a quality silicon carbide abrasive suspended in our own water soluble carrier, it is non-toxic and harmless to the environment. Compound comes in five grit sizes.

- E55050** 50 Grit Compound
- E55080** 80 Grit Compound
- E550120** 120 Grit Compound
- E550180** 180 Grit Compound
- E550220** 220 Grit Compound

If you like to mix your own, we can supply the gel and grit separately. Please contact your Eagle One Sales Rep for details.

- E550GEL** 3.5 Gallon Gel
- E550GEL5** 5 Gallon Gel
- E55050GRIT** 50 Grit Only
- E55080GRIT** 80 Grit Only
- E550120GRIT** 120 Grit Only

**GOLFCO COMPETITION ROLLERS**

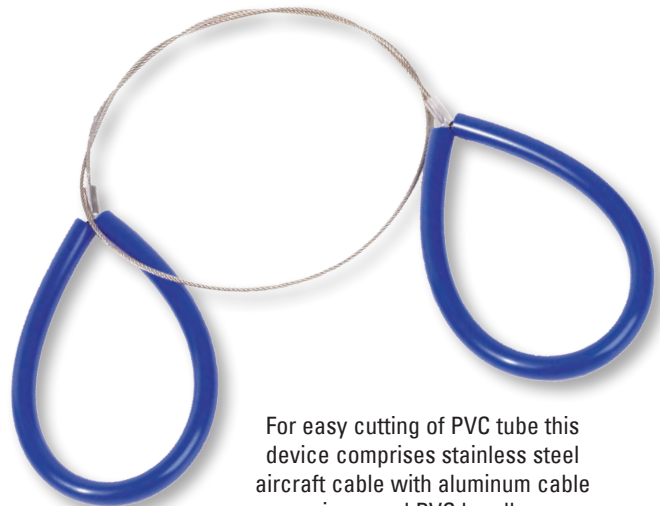

A super tough solid elastomeric precision urethane cast body provides a slick surface that helps eliminate buildup of debris, and with its abrasion resistance is superior to steel.

Non-regreasable sealed ball bearings means no grease, no oil, and no grease fitting maintenance. The exterior sealing (v-ring and shoulder seals) keeps all debris out of the housing. The same overhaul kit fits each and every roller, and all rollers can be rebuilt - typically in less than ten minutes.

The unique and effective "Radius" groove design provides rounded corners on the surfaces in contact with the turf - eliminating gouging and "mushrooming" at the top of the grooves.

All rollers come with a 1 year warranty.

**CABLE SAW**

For easy cutting of PVC tube this device comprises stainless steel aircraft cable with aluminum cable crimps and PVC handles.

**BED KNIVES**

Eagle One is proud to offer a quality bed knife for many of your machines.

Our "Premium" bed knives are clearly a quantum leap in quality. They offer the ultimate cut for your tournament greens while also including a high abrasion resistance for extra long life without sacrificing your reel. If you are serious about quality greens this is a "must have" product.

For prices and applications, please see our Mower Parts And Equipment Catalog or visit [www.eagleonegolf.com](http://www.eagleonegolf.com)

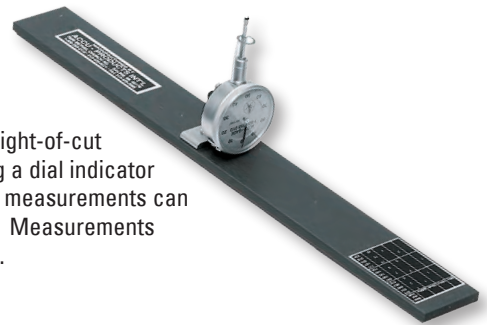

E220AC

**ACCU-GAGE**

This precision tool is used to set accurate height-of-cut adjustments on greensmowers. Incorporating a dial indicator with adjusting bar apparatus highly accurate measurements can be made at the cutting edge of the bed knife. Measurements read as .001" or 01mm, fits all greensmowers.

**E22218R**  
Accu-Gage  
Recalibration  
Call For Quote

This is similar to "ACCU-GAGE" although it is altered to be used in the field or while units are still attached to mowers.

- E220** Accu-Gage II
- E2201S** Needle Spike 1/4"

**GROOMER GAGE**

This is a precision measuring instrument for accurately setting the desired grooming depth of groomer or verticutting units.

- E221** Groomer Gage

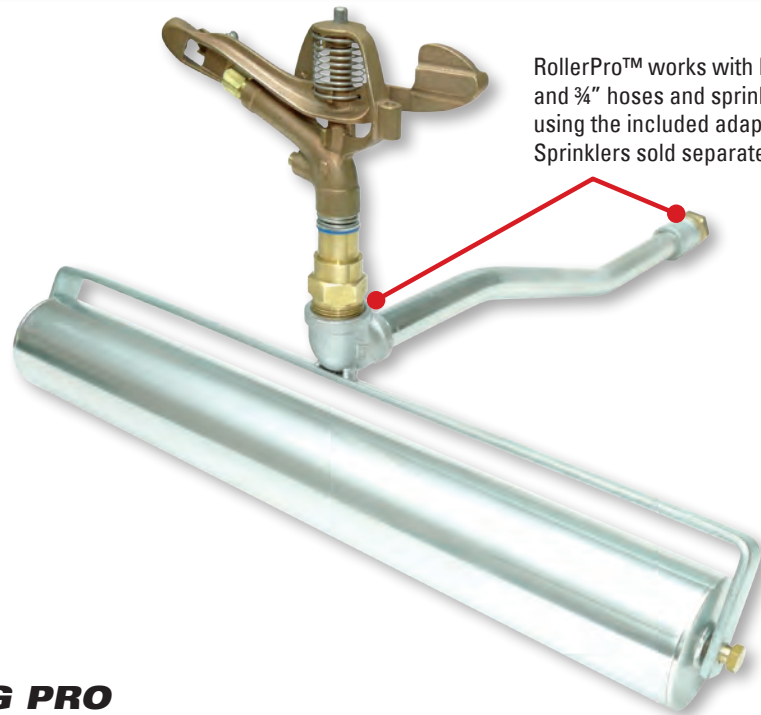

**ROLLERPRO™**

**PORTABLE SPRINKLER BASE**  
The 22" wide stainless steel roller of RollerPro™ provides a stable field position for supplemental watering. Designed for years of hard use, it is ideal for watering dry spots and newly seeded areas.

Features:

- 22" wide stainless steel roller is weighted to prevent movement during use.
- 3/4" inlet and outlet adapters included
- Standard 1" FHT inlet x 1" female NPT outlet

**I33722RP**

RollerPro™ works with both 1" and 3/4" hoses and sprinklers using the included adapters. Sprinklers sold separately

**WEEDING PRO**

The Weeding Pro allows you to quickly and easily eliminate weeds such as Poa Annual and others without wasteful and costly spraying. With just a push the spring loaded sponge delivers a pre-measured amount of herbicide concentrate and water right where it is needed with no waste. Mix ratio: Cap capacity is 0.2 oz. Tube capacity is 8 oz (40:1)

**I026**

\* Extra Replacement Dauber included with each Weeding Pro

- I026TIP** Replacement Tip
- I026CAP** Replacement Cap

**WETTING FORK™ II**

Using a chrome plated steel construction and three tines, the Wetting Fork II reduces hand-watering time of hydrophobic spots dramatically. Fertilizers, fungicides, wetting agents and insecticides can be injected efficiently into the soil.

- I016** Wetting Fork
- I016RT** Replacement Tines Set of Three

**TURF STRESS DETECTION LENSES**

Now you can identify turf, plant and tree disease up to 10 days before it's visible to the naked eye and you'll look cool doing it! When wearing these lenses from NASA Technology any off color caused by drought, disease or poor nutrition stands out as a glowing red coral or pink making it easy to identify the precise areas in need. Made of lightweight polycarbonate frames they offer a quick change snap in lens system, adjustable nosepiece and a great looking sport style.

**I019**

**ULTRAMAX**

**UltraMAX Valves**

Heavy duty ball valve, push-pull on/off control handle and exceptional build quality for long life under demanding use. Available in Firefighter Grip for two-handed operation or ergonomic Pistol Grip for comfortable, extended use. **NOZZLES SOLD SEPARATELY.**

- I343** 3/4" Fire Fighter Valve
- I343-1** 1" Fire Fighter Valve
- I342** 3/4" Pistol Grip Valve
- I342-1PG** 1" Pistol Grip Valve

**Premium Hose-End Nozzles & Accessories**

Step up to the most professional nozzle you can buy - MAGNUM™ UltraMax. Firefighter quality for professionals in any field, these variable flow, multi-function nozzles are virtually indestructible and leak proof. The innovative TURBO SHIFT models provide two distinct GPM ranges. And the outstanding distribution patterns of all MAGNUM UltraMAX nozzles make them excel in high demand areas like greens/tees, infield conditioning and equipment and stadium washdowns.

- I340** 3/4" Turbo Shift High Flow
- I340-1** 1" Turbo Shift High Flow
- I341** 3/4" Full Throttle High Flow
- I341-1** 1" Full Throttle High Flow
- I340LV** 3/4" Turbo Shift Ultra Flow
- I340LV-1** 1" Turbo Shift Ultra Flow
- I341LV** 3/4" Full Throttle Ultra Flow
- I341LV-1** 1" Full Throttle Ultra Flow

**MAGNUM™**

**SOLID METAL HOSE NOZZLE**

Underhill® Magnum™ contains no plastic internal parts to break, stick or wear out. Our unique ratchet mechanism easily adjusts from gentle fan to powerful jet stream and prevents over-tightening damage. Precision-machined, incredibly smooth operation and outstanding distribution patterns make it ideal for high-demand areas like greens and tees. Magnum™ is also an excellent equipment wash-down nozzle.

- I313** 37GPM@80psi , 3/4" Thread

**Features:**

- Multi-pattern sprays - effortless control with hydraulic assist on/off
- Solid metal internal - no plastic parts to break or wear out
- Ratchet mechanism prevents over-tightening damage
- Ultra-durable construction withstands any abuse
- Fire hose quality nozzle feels great in your hands
- Beautiful, consistent spray patterns for life
- Built for 1" and 3/4" flow rates

**COOLPRO™**

**Cool Without Over Watering - No Root Damage**

A hot summer day can be murder on your greens. Use too much water and you risk damage to the roots. CoolPro™ is the first nozzle specifically designed for the single purpose of lightly misting the turf canopy to cool without over watering. And its 25 foot fogging pattern gets the job done quickly.

- HNCP075** 4GPM@80psi , 3/4" Thread

**Features:**

- Precision™ nozzle fogs at 70 psi to deliver a 25 ft. pattern with only 4-6 GPM
- 3/4" inlet (1" brass adapter available)
- Ergonomic handle/valve provides easy grip and variable on/off control.
- Durable solid metal design: zinc, aircraft aluminum and stainless steel.

**PELLETPRO™**

APPLICATOR GUN FOR SOLID WETTING AGENT TABLETS

Our heavy-duty surfactant applicator, high-flow valve and Precision™ Cloudburst™ nozzle combo comprises the finest wetting agent gun available. PelletPro™ accepts all wetting agent tablets and provides a high volume, yet soft spray for watering or applying surfactants to tight, hydrophobic soils.

Features:

- 35+ GPM to get the job done faster!
- Ultra Heavy-Duty construction: brass fittings, aircraft aluminum, stainless steel, precision engineered glass
- Pellet rotation (1 RPS) evenly dissolves/applies tablets
- Patented Cloudburst™ nozzle delivers large droplets in an outstanding fan pattern

PelletPro™ rotates pellets at one revolution per second (RPS) to evenly dissolve/apply wetting agent

ABS High-Flow 3/4" Valve Full Flow, Oversized Handle

**RAINPRO™**

Tough TPR rubber bumper protects nozzle

SOLID METAL SHOWER NOZZLE

A truly revolutionary shower nozzle for soaking turf or other landscapes...featuring an exclusive solid brass nozzle plate for outstanding pattern and special rubber bumper for nozzle protection.

- I342-1** 1"
- I342-75** 3/4"

Features:

- Ultra durable construction withstands any abuse
- Beautiful, consistent and uniform spray pattern
- Materials: zinc alloy, brass and TPR rubber
- Flow: 40 GPM @ 80psi (built for 1" and 3/4" hose flow rates)
- Nozzle assembly unscrews for easy cleaning

With the included 1" FHT x 3/4" MHT brass adapter, PelletPro™ and LiquidPro™ work with both 3/4" and 1" hoses.

**LIQUIDPRO™**

APPLICATOR GUN FOR LIQUID WETTING AGENT

LiquidPro's chemical-resistant, UV-protected, lightweight siphon/mixing system can cover 1000 square feet in less than a minute! With unmatched speed and uniformity, you can virtually "paint" your turf with liquid wetting agent, fertilizers, and micronutrients. Adjustable metering dial offers 10 additive settings including "Water Only."

With the included 1" FHT x 3/4" MHT brass adapter, PelletPro™ and LiquidPro™ work with both 3/4" and 1" hoses.

**I314LP**

TWO PRODUCTS IN 1!

PelletPro and LiquidPro's Precision™ Cloudburst™ nozzle and high-flow valve quickly assemble to create a powerful, 35+ GPM syringe nozzle.

**TOURNAMENT-READY®**

PREMIUM PERFORMANCE NONIONIC SOIL SURFACTANT

- University tests confirm Tournament-Ready's comparable performance in side-by-side testing against leading competitive brands\*
- Tournament-Ready uses a blend of three surfactant ingredients to provide flexibility in use as a preventative and curative treatment
- Tournament-Ready delivers rapid wetting of repellent soils, drives down surface moisture to avoid spongy turf and delivers moderate residual for rewetting up to 14 weeks from initial application\*
- Tournament-Ready will eliminate localized dry spot, provide more uniform wetting action, and enhance water's infiltration and drainage

2.5 Gal / 9.48 L / 2 per case

**IUHTUR02**

**TOURNAMENT-READY® PELLETS**

PROVEN TOURNAMENT-READY FORMULA IN SOLID PELLETT FORM

- Same University tested formula in solid pellet for supplemental treatments
- Treat small turf areas while hand watering using Underhill PelletPro applicator
- Inert binder is carrier for Tournament-Ready Soil Surfactant for metered hand watering application
- Tournament-Ready Pellets help cool canopy temperatures of turfgrass during high heat, stress conditions
- Pellet jar can be inserted in pellet applicator reservoir to modulate soil surfactant output

6oz./170gm pellet  
24 pellets per case

**IUHTUR265**

**H2O MAXIMIZER™**

NONIONIC SOIL SURFACTANT, POLYMER RESIN BLEND

- Unique soil surfactant and polymer resin blend that can be tank mixed for spray application or injected directly into irrigation flow
- Surfactant ingredients provide initial soil wetting action while polymer resin adsorbs to soil particles for enhanced water retention
- Reduced watering requirements are achieved through surfactant's reduction of surface tension combined with polymer resin's attachment to soil particles for greater water holding capacity to guard against plant stress
- Polymer resin boosts water retention in soil to deliver enhanced residual activity

2.5 Gal / 9.48 L / 2 per case

**IUHHMAX02**

**HYDRO-WET® PREMIUM PELLETS**

CONCENTRATED HYDRO-WET IN SOLID PELLETT FORM

- Same University tested Hydro-Wet formula in solid pellet for supplemental treatments while hand watering turf areas
- Hydro-Wet Pellets help cool canopy temperatures of turfgrass during high heat, stress conditions
- Apply with PelletPro Applicator

6oz./170gm pellet  
24 pellets per case

**IHYPEL-6**

**MEDALIST®**

ECONOMICAL NONIONIC SOIL SURFACTANT BLEND FOR SEASON-LONG APPLICATIONS

- Medalist, when used in a scheduled, water management program, will eliminate turf localized dry spot and enhance turf quality while reducing watering frequency
- Ideal for suppression of dew and moisture
- Medalist's lower active formula incorporates the same university tested ingredients found in Tournament-Ready Soil Surfactant to deliver comparable performance to leading competitive products at a reduced price
- Medalist can be applied using the LiquidPro or boom sprayer
- Season long application of Medalist will improve soil moisture content to lower watering costs while maintaining turf quality

2.5 Gal / 9.48 L / 2 per case

**IMED02**

**HYDRO-WET® INJECTABLE**

NONIONIC SOIL AND TURF WETTING AGENT FOR IRRIGATION INJECTION

- Hydro-Wet Injectable improves infiltration and penetration of rainfall and irrigation water
- Minimizes water loss due to run-off and evaporation
- Formulated for use with irrigation system metering equipment
- Hydro-Wet's high affinity for water drives down surface moisture to avoid spongy turf and standing water
- When university tested in comparison to 10 leading competitors, Hydro-Wet provided superior performance at reducing soil repellency \*

30 Gal / 114 L drum

**IUHHY130**

**BIO-90™**

NONIONIC SURFACTANT / TANK MIX ADJUVANT

- Use Bio-90 when accompanying pesticide label instructions recommend the use of a nonionic surfactant tank mix adjuvant
- Bio-90 optimizes the performance of turf fungicides, insecticides and herbicides
- Use Bio-90 when uniform spray coverage and penetration into the targeted plant surface is preferred
- Bio-90 contains rainfast ingredient to minimize wash-off
- Bio-90 contains an antifoam ingredient to suppress troublesome foam during agitation

1 Qt / 946ml jug / 12 per case

**IB1901Q**

**CADENCE™**

NONIONIC ORGANOSILOXANE / SPREADER / PENETRANT BLEND

- Cadence is a low use rate, spreader-activator tank mix adjuvant that significantly improves the performance of pesticide and fertilizer spray applications
- Use Cadence when the accompanying pesticide label instructions recommend the use of a nonionic surfactant
- Cadence's super spreading action is the result of reducing surface tension dramatically lower than traditional nonionic surfactant adjuvants
- Unlike conventional surfactants, Cadence rapidly covers and penetrates waxy plant surfaces to allow larger amounts of active ingredient to enter the plant
- Cadence works as a dew control agent for turf and as a mulch, peat or potting soil surfactant

1 Qt / 946ml jug / 6 per case

**WATER FX™**

DRY WATER CONDITIONER / ACIDIFYING AGENT ADJUVANT

- Water FX effectively sequesters hard water minerals such as calcium, magnesium and iron that can interfere with many pesticide active ingredients
- Water FX lowers spray water pH to ensure full effectiveness of many insecticides, fungicides and herbicide sprays that perform better in moderately acidic water
- Certain pesticide active ingredients will be more effective and are more readily available to the plant with the use of Water FX

4 lb / 1.8kg jar / 6 per case

**IWFX04**

**ANTI-FOAM™**

ANTIFOAMING AND DEFOAMING AGENT

- Anti-Foam is a fast, effective defoamer for use in suppressing foam Controlling foam reduces filling time and lessens overflow waste
- Anti-Foam improves spray performance
- Silicone and surfactant blend work in tandem to quickly dissipate troublesome foam that forms during agitation

1 Qt / 946 ml bottle / 12 per case

**IAF10**

**K-KLEAN™**

LIQUID TANK CLEANER

- K-Klean is an effective cleaner for metal, fiberglass and plastic spray systems
- K-Klean aids in the removal of dirt, grime, grease, chemical and fertilizer residues from tanks and equipment
- K-Klean helps eliminate rust and scale and keeps costly equipment in ready-to-use condition

1 Gal / 3.79 L jug / 4 per case

**IKKEAN01**

**TANK CLEANER™**

DRY TANK & EQUIPMENT CLEANER

- Tank Cleaner is designed for cleaning tanks, lines and nozzles to remove pesticide, herbicide and fertilizer residues
- Tank Cleaner also removes light rust and dissolves deposit buildups while leaving a protective film that helps prevent corrosion
- Color dye in Tank Cleaner indicates ingredients are still active in solution

1 lb / 456 gm jar / 12 per case

**ITC01**

**BENCHMARK™**

ALL SEASON FOAM MARKER

- This foam concentrate is specially formulated to deliver long lasting foam in a range of weather and field conditions
- This highly concentrated formula, when used as directed will produce thick, white, highly visible foam. Benchmark can be used with any compressed air foam marking equipment to provide long lasting foam deposits on turf or soil areas to avoid over-sprays or skips
- Benchmark is formulated with conditioners for hard water situations and can be used with foam colorants

**DRAINBLASTER™**

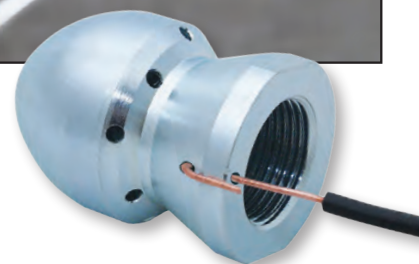

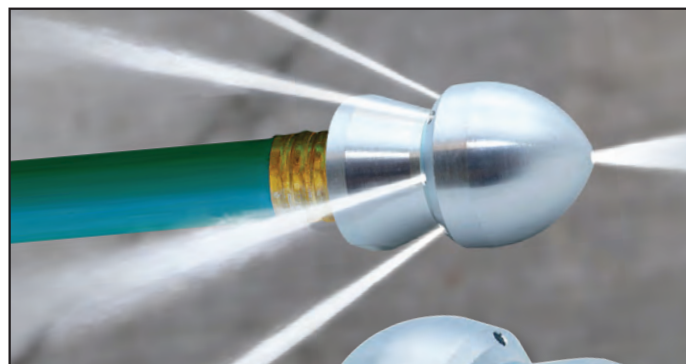

**HIGH PRESSURE DRAIN CLEANING NOZZLE**

This unique hose-end, high pressure nozzle guides itself in cleaning out drains, to remove debris with ease. Special feature includes a wire attachment connector for using wire locator to determine drain route.

Features:

- Front jet cuts through blockage
- Rear jets propel nozzle upline
- Two stage flushing action
- Minimum water pressure: 70 PSI
- Heat treated grade 303 stainless steel for long life

- I344-1** 1"
- I344-75** 3/4"

Wire attachment connector for mapping drain location under greens, bunkers and other locations using a wire locator.

Great for cleaning under sidewalks or cart paths    Ideal for 4"-6" drains and catch basins

**HIGH-FLOW VALVES**

COMPOSITE / STAINLESS STEEL:  
3/4" hose thread inlet/outlet,  
oversized handle, up to 55 GPM

Sample valve and keys

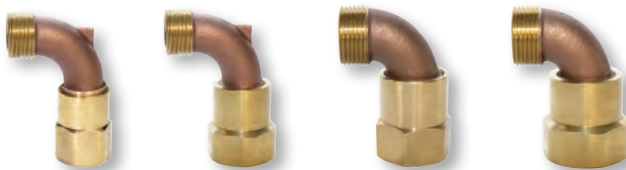

**THE CLAW™**

The Claw™ pictured with 1" quick coupler, key and hose swivel.

**EASY RETROFIT!**  
Installs without removing valve or valve box!

**HOSE SWIVELS**

- I46475** Hose Swivel 3/4" x 3/4"
- I464100** Hose Swivel 1" x 3/4"
- I464101** Hose Swivel 1" x 1"
- I464125** Hose Swivel 1 1/4" x 1"

**QUICK COUPLER MOTION RESTRAINT**

When quick coupler valves become unscrewed from swing joints, it's more than just a hassle - it can be dangerous. The Claw™, new from Underhill®, offers a simple solution. Embedded in the soil below the quick coupler, and then securely attached to its base, The Claw provides significant resistance to rotational, vertical and horizontal motion, preventing the valve from moving. Made from high strength ductile iron, this compact anchor attaches easily with a single steel bolt.

**IMPACT SPRINKLERS**

**SOLID BRASS, ULTRA-RELIABLE WORKHORSES**

For reliable, trouble-free, high-performance year after year, you just can't beat our brass impact sprinklers. Available in full circle and full/part circle, in inlet sizes of 3/4", 1" and 1 1/4".

**Features:**

- Solid brass construction
- Stainless steel drive spring
- Bearing assembly hood for longer wear life
- Chemical resistant bearing seals
- Solid brass nozzle

**I46590**

Impact Sprinkler 1/2"  
Full or partial circle.  
Pressure: 25-55 PSI  
Flow: 2.79-7.34 GPM  
Spacing: 33-40 Feet

**I4652001**

Impact Sprinkler 3/4"  
Full Circle  
Pressure: 35-80 PSI  
Flow: 2.52-15.71 GPM  
Spacing: 40-62 Feet

**I465261**

Impact Sprinkler 3/4"  
Full or partial circle.  
Pressure: 30-60 PSI  
Flow: 3.94-13.73 GPM  
Spacing: 41-50 Feet

**I465350**

Impact Sprinkler 1"  
Full circle  
Pressure: 40-80 PSI  
Flow: 14.61-46.59 GPM  
Spacing: 47-80 Feet

**I465360**

Impact Sprinkler 1"  
Full or partial circle  
Pressure: 35-80 PSI  
Flow: 7.75-35.36 GPM  
Spacing: 49-77 Feet

**HOSETAP™**

Toro

Rain Bird

**SOLID METAL HOSE ADAPTER**

HoseTap™ gives you a hose connection anywhere you have a Toro® or Rain Bird® electric, valve-in-head sprinkler... a fast connection when quick-couplers or hose bibs are not available. Includes aircraft aluminum body (won't break or wear out like plastic) anodized with sprinkler manufacturer color, o-ring, riser, 1" brass swivel and 3/4" adapter. Also available without brass swivel/adapter.

- HNT100S** Toro 1"
- HNT150S** Toro 1.5"
- HNR125S** Rain Bird 1"
- HNR150S** Rain Bird 1.5"

**HOSETAP ADAPTER™**

All metal adapter, no plastic to break. Transforms your Toro or Rain Bird electric valve-in-head sprinklers into a HoseTap. Ideal for quick connection when quick-coupler or hose bid is not available. Made of long life anodized aircraft aluminum and color coded for easy sprinkler manufacturer identification, includes disc, o-ring, and riser (nipple)...brass swivel sold separately.

**HNT100**

HoseTap Adapter, with riser (nipple) 1" NPT threads, fits all Toro 1" inlet golf sprinklers. 630, 660, 730, 760, 830 and 860 series

**HNT150**

HoseTap Adapter, with riser (nipple) 1" NPT threads, fits all Toro 1 1/2" inlet golf sprinklers... 650, 670, 680, 750, 780, 850 and 880 series

**HNR125**

HoseTap Adapter, With riser (nipple) 1" NPT threads, fits all Rain Bird Eagle 700 series golf sprinklers

Hose Tap for Rain Bird Eagle 900 series available

**SUPERKEY XL™**

MULTI-PURPOSE TOOL FOR TORO, RAINBIRD GOLF SPRINKLERS

The ultimate all-in-one tool for your golf sprinklers...think of it as a Swiss army knife, a must have companion. Made of stainless steel and composite material, it effortlessly turns electric valve-in-heads on and off, removes internal snap rings and performs many other sprinkler maintenance chores. Great for John Deere®/Signature® sprinklers, too!

**I050SK**

Snap Ring Removal (Bottom Valve or Internal Rotor Assembly)

Screwdriver Tip for Cap Disassembly or Pressure Regulator Adjustment

Filter Screen Removal

Hardened Bend Resistant Metal

High Strength Engineered Material

On/Off Control Pointer

On/Off Control Debris Removal

On/Off Control Assembly Removal

Solenoid Plunger Removal

On/Off Control

**EASYREACH™ KEY**

EXTRA-LONG SHAFT ON/OFF KEY

Extra long and extra heavy duty metal key designed for easy on/off operation for TORO, Rain Bird and John Deere/Signature electric valve-in-head golf sprinklers. Made of high grade metal, EasyReach offers years of effortless on/off operation.

**I050ERRK** Rain Bird

**I050ERTK** Toro

**VERSALID™**

VALVE BOX UNIVERSAL REPLACEMENT LID

VersaLid™ is the easy solution for broken or missing valve box lids. No need to guess what brand a buried box is or even worse - dig it up to find out - VersaLid's locking system fits all 6"-7" round valve boxes.

**I314VL6**

Features:

- Fits all 6"-7" round boxes
- Universal fit
- Greater top-load strength and more UV-resistant than structural foam lids
- PURPLE LID AVAILABLE FOR NON-POTABLE/RECLAIMED WATER

**SPLICE KIT**

3M DIRECT BURY SPLICE KIT

Each kit includes one wire connector which accommodates wire sizes from 18-10 gauge and a waterproof gel case. Excellent for golf, commercial and residential applications.

**I314SK**

**I314VL6P**

### 2" TURF PLUGGER

Ideal for replacing small areas of damaged turf. Tube handle can be filled with plugs from any nursery area. New plugs emerge from the top of the tube as damaged plugs are cut. Simply replace damaged plug with fresh plug from the top of the tube. Adjustable blade for plugs up to 4" (10cm) deep. Zinc plated steel construction.

ST29475

## GULP™ ULTRAMAX

SUPER HIGH-CAPACITY WATER  
REMOVAL SUCTION PUMPS

Whether you need to remove water from sprinklers and valve boxes or other areas or devices, UltraMax Series Pumps are the ideal tools for the job...huge capacities and the smoothest pumps you will ever use as well.

Special features:

- Super Smooth Pumping Action
- High Volume Capacity
- Strong Aluminum Pump Shaft
- Contour Grip Handle
- No Leak Seals
- Self Priming

### BIG GULP ULTRAMAX

- 35 oz./stroke
- 36" pump chamber
- 72" or 36" outlet hose

1071

### GULP ULTRAMAX

- 18 oz./stroke
- 14" clear pump chamber
- 18" outlet hose

1008

Easy,  
push-button  
cleaning  
system

### GULP SYRINGE ULTRA

- 12 oz./stroke
- 12" pump chamber

1006

Gulp UltraMAX and BigGulp UltraMAX include debris filter attachment for very dirty water.

Also great for:

## SUCTION PUMP

Length: 12"  
Hose: 8"

Versatile hand-pump with a quick-clean discharge. Ideal and easy to carry on maintenance carts for dewatering sprinkler heads.

1069S

## WATER PUMP

Length: 36"  
Hose: 72"

Just four strokes quickly pump a gallon of water from valve boxes, sprinklers and other wet areas. Heavy-duty, corrosion proof, self-priming, easy cleaning.

**MOISTURE SENSOR**

A quick and convenient way to monitor moisture on golf greens, tees and turf grass areas. Calibrated in percentages. Read-outs are immediate. 1" to 4" depths.

**I008**

**PH METER**

Check your PH in soil horizons from 1" to 6" deep. Monitor soil reaction yourself. Gives readings from 3.5 to 9. Proper PH analysis will allow the maximum amount of nutrients to reach grass plant. Read-out in 60 seconds.

**I002**

**PENETROMETER**

Determines soil compaction. Operates with gravity and is very accurate. Calibrated in percentages. Determine the need for aerification and other cultural practices in seconds. Monitor compaction changes after tournaments and over time, or find out if your root zone is in good tilth.

**I003**

**INFILTROMETER**

Used to determine percolation rates of water in soil. Helps keep diseases to a minimum, adjust irrigation rates to save water, minimize run off, determine when to aerify and if percolation rates are improving.

**I005**

**SOIL PROFILE SAMPLER**

Slicing a sample 6" long by 3" wide and 1/2" thick. This tools jaws are hinged at the top for easy opening and inspection. Sample can be easily redeposited by keeping one side open and replacing in hole.

**I004G**

**KEYS**

**I45136**  
Valve Control Key  
- 36"

**RAIN GAUGE**

The 2 in 1 Rain Gauge is a set of one - 5 inch rain gauge and one - 1 inch sprinkler water collection gauge. They can be used for measuring rainfall as well as sprinkler water application amounts. Both gauges are marked in inches and centimeters.

**I012**

**DIGITAL THERMOMETER**

Shows temperature in Fahrenheit or Centigrade.

**I0091** - Fahrenheit

**I0092** - Centigrade

### MARKING FLAGS

Colors include: Green, Pink, Blue, Yellow, Fluorescent Orange, White, Red, and Orange. Come in bundles of 100 flags.

R015

### SPOTSHOT™

Ideal for:

- Leaching salts on greens
- Targeting hot spots on fairways, roughs, etc.
- Mound watering
- New seed grown in
- Other low volume watering

### LOW VOLUME PORTABLE SPRINKLER KIT

SpotShot™ is an expandable sprinkler system kit ideal for turf areas requiring low volume watering for extended periods. Connect the Starter Kit to a quick coupler (or golf sprinkler with the HoseTap™) and connect Add-On Kits for larger area needs.

### UHSSK

Starter Kit includes 20' of ½" flexible PVC tubing with connection fittings, pressure regulator, sprinkler base and low volume rotating sprinkler (20 ft. radius / 0.65 GPM - 0.16 in./hr.)

### UHSSK26

Add-On Kit includes 20' of ½" flexible PVC tubing with connection fittings, sprinkler base and low volume rotating sprinkler (20 ft. radius / 0.65 GPM - 0.16 in./hr.)

### UHSSAOK26

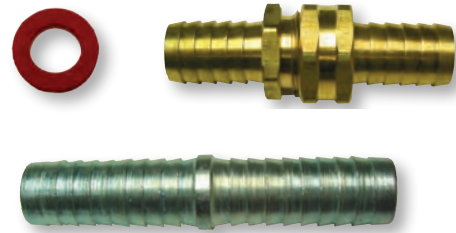

Micro-Sprinkler Options:

■ 20 ft. radius / 0.65 GPM (0.16 in./hr.)

**UHSS16**

■ 20 ft. radius / 1.2 GPM - (0.26 in./hr.)

**UHSS26**

### HOSE FITTINGS

- I3005/8** 5/8" Hose Mender
- I3003/4** 3/4" Hose Mender

**AUDITMASTER™**

EXPERT Sprinkler Performance Testing Kits  
Increasing watering times to compensate for poorly performing sprinklers wastes a lot of water. Accurately measuring sprinkler application rates with Underhill® AuditMaster™ helps maximize water savings.

4" x 5" Marking flags on 21" wire (50-pack) are available in 6 colors.

AuditMaster Combo ST/LT Kit (pictured), includes large CatchCanPro cups (blue) and CatchCanPro Mini cups (30 each).

**IRAUD-STLT**

AuditMaster ST Kit excludes the large CatchCanPro cups. This kit is ideal for SMALL TURF audits.

**IRAUD-ST**

AuditMaster LT Kit excludes the CatchCanPro Mini cups. This kit is optimized for golf courses, sports fields and other LARGE TURF audits.

**IRAUD-LT**

**HEADCHECKER™**

Solid brass Pitot tube with liquid-filled 160 psi gauge. Easily maintain nozzle discharge pressures for highly uniform irrigation systems.

**I314HCH**  
HeadChecker™

**CATCHCAN PRO™**

Features:

- Self standing - easily anchors into turf, even on slopes
- Measures sprinkler application in inches or centimeters
- Unique design allows for shorter duration test
- Made of durable polypropylene engineered plastic
- Can be stacked for easy storage
- Each 10 pack kit comes with instructions

CatchCan Pro (CCPK-10) for LARGE TURF audits. Measures ml, cm, inches.

**I314CCPK**

CatchCan Pro Mini (CCPMK-10) for SMALL TURF audits. Measures inches.

**I314CCPMK**

**GOODYEAR RED  
HORIZON HOSE**

This 200 psi line lasts for ages. Available in 50', 75' and 100' lengths 3/4" and 1" diameters. End fittings included.

- I23050** 3/4" - 50'
- I23075** 3/4" - 75'
- I230100** 3/4" - 100'
- I26550** 1" - 50'
- I26575** 1" - 75'
- I265100** 1" - 100'

\* Custom longer lengths available upon request.

**PROFESSIONAL HOSE**

Designed to withstand the high pressure surges that occur during golf course use, up to a burst pressure of 800 PSI. Double cord reinforced for added strength, and abrasion resistant cover for added durability. Heavy duty brass couplings, constructed specifically to prevent coupling separation.

**I29675**  
3/4" x 75'

**I296100**  
3/4" x 100'

**CLEAR VINYL HOSE**

Heavy duty clear vinyl construction. Working pressure up to 150 PSI. Strong, lightweight, easy to handle. Not recommended in high heat areas. End fittings included.

- 150PSI
- I27550** 3/4" - 50'
  - I27575** 3/4" - 75'
  - I275100** 3/4" - 100'

- 125 PSI
- I28050** 1" - 50'
  - I28075** 1" - 75'
  - I280100** 1" - 100'

**GILMOUR  
FLEXOGEN HOSE**

Supreme quality hose. Lightweight and flexible. 500 PSI burst strength. End fittings included.

- I29450** 3/4" - 50'
- I29475** 3/4" - 75'
- I294100** 3/4" - 100'

- I29550** 1" - 50'
- I29575** 1" - 75'
- I295100** 1" - 100'

**GOODYEAR  
"GREENS KEEPER"**

An economical multipurpose hose for water and many spray solutions. Lightweight and easy to handle working pressure up to 250 PSI. End fittings included.

- I29250** 3/4" - 50'
- I29275** 3/4" - 75'
- I292100** 3/4" - 100'

**WINTERGREEN TURF COVERS  
BY COVER-TECH INC**

Protecting greens with a Cover-Tech golf green cover is a must for any course. You can clearly see the damaging effects of a harsh winter from the image to the right.

Studies show that covering a golf green or any turf will reduce winter damage.

Key Benefits of WinterGreen Covers:

- Reduces risk of winter kill.
- Earlier spring greening for earlier openings.
- Speeds up germination.
- Reduces seed loss from the elements and birds.
- Promotes healthy roots and development.
- Reduces fertilizer evaporation.

Benefits of Cover-Tech WinterGreen Turf Covers over the competition:

- 65 years of experience in tarp manufacturing.
- 7 mil and thicker fabric.
- Long lasting UV treated reinforcing scrim.
- 4 layer chain stitched seams.
- 3 layer chain stitched edge.
- Breathable (Permeable) covers have a 5-year UV warranty.
- Waterproof (Impermeable) covers also available.
- Breathable covers are translucent for a greenhouse effect.

Supreme Green Permeable Cover 20'x 30'

**COV2030**

**GREENS BLANKET**

**1022** BLANKET - 15' WIDE  
per roll foot (approx.)

**1022C** CUSTOMIZED TURF BLANKET

**1022S** TURF STAPLES (1000 PER CASE)

**1023425** BIODEGRADABLE STAKES - 4", 250 PER BOX

**1023450** BIODEGRADABLE STAKES - 4", 500 PER BOX

**1023625** BIODEGRADABLE STAKES - 6", 250 PER BOX

**1023650** BIODEGRADABLE STAKES - 6", 500 PER BOX

Covering your green during winter months is a great investment. It could allow you to start play earlier in the spring with greener, healthier turf by maximizing the greenhouse effect. They can also extend play in the winter months by not allowing the grass to go dormant from an early cold spell. Blankets can be customized to each individual green dimension ensuring proper coverage and contain ultra-violet stabilizers for longer product life.

**JETAIRE HIGH VELOCITY FAN**

- Available with 24" and 30" dia. fan blades
- Ideal for industrial/commercial and Golf Course applications
- Available with or without oscillation
- Moves a large concentration of air at distances of 100 feet or more
- Tilttable head for desired direction of air flow
- Optional mounting equipment for adapting fans to various applications such as pole, tree, column, or beam mount
- Motors are available in single or three phase
- Can be equipped with cool mist system
- Choice of Industrial Gray or Hunter Green

**KASCO FOUNTAINS**

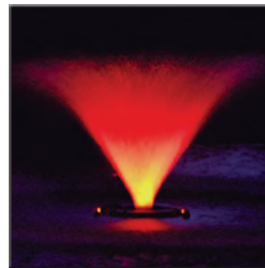

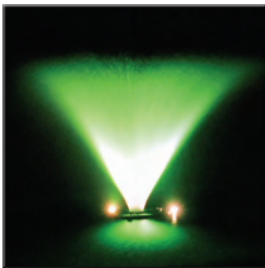

Kasco manufactures one of the most affordable and reliable fountains on the market today. Highly efficient low RPM motor design coupled with unit-specific propellers create excellent water flow, aeration, and pattern size, with very low power consumption. All Kasco fountains are ETL/UL approved as complete packages and include control panels with GFCI protection. Kasco fountains are the most cost effective to purchase, operate, maintain, and repair on the market today. Both 120V and 220V models are available and each is light weight and easy to install. Designed for use in salt water and includes mooring lines."

Kasco fountains range from as small as 1/4HP for the small backyard pond all the way up to the new 5HP for larger ponds and lakes to fit any size budget and project. The 1/4HP, 1400JF050 includes 5 interchangeable nozzles, control panel, and mooring ropes, is completely assembled and ships in a single box. Kasco fountains are perfect for shallow water operation with the 1/4HP needing only 12" and the large 5HP needing only 26" of water to operate. 1/4HP to 1HP units include a 2 year warranty and 2HP to 5HP include a 3 year warranty."

## **TERMS & CONDITIONS**

### **RETURNS**

- All merchandise to be returned must have a Return Authorization Number, which is approved by an Eagle One Golf Products sales representative.
- Requests for returns must be made within 30 days from date of purchase.
- All returns are subject to a 15% restocking charge, as well as return freight to our distribution center (where applicable).
- Items returned must be unused, in saleable condition and in their unopened original packaging. A copy of the invoice or the packing slip describing what is being returned and why must be provided.
- Credit cannot be issued for damaged or obsolete items.
- Special Order items (non-stock) are returnable within 10 days of invoice date with a 25% restocking fee. All return freight charges are the responsibility of the customer.
- Custom products are not returnable.
- Due to the potential of contamination, we cannot accept returns on Sprayers or Spreaders.
- Your complete satisfaction is our goal. Please notify us promptly if your order is inaccurately fulfilled.

### **DESIGN & SPECIFICATIONS**

Our product specifications may change from time to time, and please know that we do it to improve the performance or appearance. We feel assured that our on-going development efforts are beneficial to our customers as a whole, but for those individual cases in which changes cause an inconvenience, we apologize. Please call with any concerns or problems and we will do our best to accommodate your specific needs.

### **FREIGHT DAMAGE OR SHIPMENT DISCREPANCY**

Note any discrepancy or damage directly on the bill of lading at time of delivery. Contact the carrier to file a claim and also notify the Eagle One Golf Products Customer Service Department. Please note that once the bill of lading is signed, the customer assumes all responsibility for the quantity received as being accurate and correct. Any concealed quantity discrepancy or damage which may have occurred in transit must be reported within ten (10) days of delivery. Thereafter, the liability for any delivery-related problems rests with the customer.

### **COMMERCIAL CREDIT TERMS**

For customers with established commercial credit, full payment of all invoices is expected on the due date. Invoices are generated at the point of the sales transaction at the time of purchase. A service charge of 1.5% per month is imposed on all overdue balances.

If commercial credit has not been pre-established, payment can be made with the order or purchase through Visa, Mastercard, American Express, Discover, bank or cashier's check, cash or money order.

### **PRICING**

Prices F.O.B. shipping point unless otherwise stated. Prices subject to change at any time. Terms and conditions of sale are subject to change at Eagle One Golf Products' discretion without prior notice.

### **WARRANTY**

Items manufactured by Eagle One Golf Products carry a 12 month warranty.

Applicable product warranties and limitations are provided on labels or operator and parts manuals, depending on the product type.

Eagle One Golf Products associates are not authorized to make any representations or give any additional warranties/guarantees, expressed or implied, regarding products.
